Error in Medical Accounts Due to Poor System of Bookkeeping

Coroner Explains How Inaccuracies Were Found by Control Board

In going over the accounts of the State Board of Medical Examiners recently, the auditors of the State Board of Control found more or less confusion in the accounts of Dr. Charles L. Tisdale, secretary of the Board of Medical Examiners. It is apparent that these discrepancies were caused by an inadequate system of accounting. At first it appeared that fees of some 52 applicants for licenses had not been accounted for. In each instance the fee was \$25. As soon as Dr. Tisdale's attention was called to this fact, he paid over the full amount of these fees and with the understanding that if it were found that he had paid in excess the surplus would be returned to him.

NOT UNDER SUSPICION.

There was not at any time the slightest suspicion that Dr. Tisdale had misappropriated any of the money for the account soon discovered that the whole trouble had been caused by the faulty system of keeping the accounts in a statement made today. Dr. Tisdale makes this very clear. He says:

"All the money paid in appears on the board's records. Certain inaccuracies appeared on the books according to the examination made by the Board of Control. These have been collected and the balance properly accounted for. I have taken the statement of the expert of the Board of Control as correct."

"The cause of the adverse criticism of the Board of Control is the insufficient system of accounts. No charge of dishonesty has been made to me. The Board of Control has agreed that I can find any of the disputed items, they will be

Pittsburg Academy of Music Burns; Electric Switchboard Cause.

PITTSBURG, April 26.—Flames originating in the switchboard today destroyed the old Academy of Music, for forty years a popular playhouse. Guests in the seventh avenue hotel were aroused and many left their rooms and assembled in the lobby, but the hotel was not damaged. Three firemen were injured and a score of others went down. Loss, \$150,000.

Taft Denies He Compared Col. Roosevelt to Leech

NEW YORK, April 26.—Before leaving the home of his brother, Henry W. Taft, to attend the memorial exercises for the late Senator General Frederick D. Grant at Governors Island, President Taft issued a formal denial that he had said in his speech at Springfield, Mass., yesterday, that Theodore Roosevelt would be a dictator and stick to the White House like a leech if he should be elected for a third term. The President said:

"I did not use the language attributed to me in some of the dispatches in which I am made to say Mr. Roosevelt would be a dictator and stick like a leech to the White House."

Wife of Mayor of Alameda Passes Away

ALAMEDA, April 26.—After several months of illness Mrs. Ida Phelps Noy, wife of Mayor William H. Noy of this city, died this afternoon at 2:30 o'clock. The physicians had given up hope for her recovery a week ago. The deceased was married to the Alameda chief executive little over a year ago. The family home was at 1845 Bay street. Mayor Noy was at the bedside at the time of his wife's death.

Berkeley Commissioners Hold War of Words With Two Wilsons

Lively Exchange of Words Takes Place at Executive Session

BERKELEY, April 26.—The local recall situation and especially the rioting which attended the meeting of night before last resulted in an open split among the members of the City Council at their session of the committee of the whole yesterday afternoon. Commissioner B. B. Norton and Commissioner E. J. Turner warmly scored Mayor J. Stitt Wilson and Commissioner John A. Wilson to their faces and especially criticized Mayor Wilson for what they considered to be his incitement of the rioting the previous evening.

Commissioner Christian Hoff was not present.

The committee of the whole was called to consider the dog ordinance, but soon developed into a verbal free-for-all with Commissioners Norton and Turner on one side pitted against Mayor Wilson and Commissioner Wilson. Turner demanded that an extra police detail be henceforth sent to cover recall meetings. Both the Wilsons declared that they had not needed police at their meeting. Turner and Norton called attention to the disturbance of the previous evening as showing that such police protection was needed. They scored Mayor Wilson on the supposition that his words to the crowds in South and West Berkeley were responsible for the outbreak there. The Mayor retorted both declaring that the recallers themselves were responsible for the trouble.

RECALL CASE IN COURT.

With both sides to the recall question, which will be put before the Berkeley voters next Tuesday, anxious to cover recall meetings. Both the Wilsons declared that they had not needed police at their meeting. Turner and Norton called attention to the disturbance of the previous evening as showing that such police protection was needed. They scored Mayor Wilson on the supposition that his words to the crowds in South and West Berkeley were responsible for the outbreak there. The Mayor retorted both declaring that the recallers themselves were responsible for the trouble.

SAN FRANCISCO, April 26.—Alfred Ahern, aged three, son of P. Ahern, a wealthy resident of this city, fell from a second story window in the family home at 122 Commercial avenue shortly before noon today, and died within an hour at the Children's hospital. The child who attacked completely if he did not finish his balance and fell headlong to the ground. The father is in Los Angeles, and was immediately wired.

SENATOR IN SOUTH FOR FIGHT

La Follette to Make Four-Day Campaign in Los Angeles and Vicinity

Governor Johnson to Follow Solon on Behalf of Roosevelt

LOS ANGELES, April 26.—Republican national politics, already at a high pitch in this section of California, was intensified today by the arrival of Senator Robert M. La Follette, rival of President Taft and Colonel Roosevelt for the presidential nomination. Senator La Follette came ready to plunge immediately into a four-day personal campaign to obtain the favor of voters in order to secure the election of delegates pledged to him in the forthcoming preference primary, May 14.

The senator arrived from Fresno this morning accompanied by Mrs. La Follette, Walter L. Houser, his national campaign manager, and N. T. Weller of San Francisco.

A four-day speaking tour has been planned by the local La Follette committee. The first speech of importance will be delivered by the senator tonight at Temple Auditorium in this city. Then until next Tuesday the senator will be busy delivering addresses in surrounding towns and cities.

JOHNSON TO FOLLOW.

Governor Johnson of California, one of the leaders in the movement for Roosevelt, is scheduled to follow Senator La Follette, and make speeches in favor of the former president.

Senator La Follette, after an hour's rest at a hotel, proceeded to Occidental college, where an address to students and alumni was delivered. At noon the senator spoke before the University club, taking a non-political topic.

Then the party was taken first to Pasadena, where a short stop was made, and on to Sierra Madre, a foothill town, where the senator was again called upon for an address.

Sacramento S.P. Depot Is Damaged by Fire

Building Suffers to Extent of \$35,000 in Early Morning Blaze.

SACRAMENTO, April 26.—The local Southern Pacific depot, erected in 1882, was damaged to the extent of \$35,000 by a fire that started from crossed power wires at 4:30 o'clock this morning. The company's valuable records were saved by the vault resisting the flames.

The destruction of the apparatus in the train dispatcher's office caused Dispatcher Wallace to take a field telephone outfit, tap a wire near the depot and dispatch trains at this temporary station.

The main shed and waiting rooms were only slightly damaged and train service was not interfered with. The structure was a frame building that had not been repaired recently, as the Southern Pacific has plans under way for a new depot.

Wire Tappers Flee With \$75,000 of Bookies' Coin

NEW YORK, April 26.—According to reports on Broadway today, a gang of wire tappers yesterday took \$75,000 from bookmakers operating pool-rooms in New York city. The coup was effected by sending telegraphic information to every large pool-room that Superstition had won the fourth race at Jamestown. The daring theft was not discovered until an hour later, when Kormak was known to have been the real winner. Men in New York gambling circles are said to have engineered the feat. They disappeared immediately after they cashed their bets.

Transport to Pick Up Refugees From Mexico

WASHINGTON, April 26.—The army transport Buford will leave San Francisco Sunday for the West Coast of Mexico to pick up any American refugees who may wish to leave the country. The Buford will visit Topolobampo, Alalta, Mazatlan, in the state of Sinaloa; San Blas, Tepic, Manzanillo in Colima and Acapulco in Guerrero. The vessel is sent at the request of the State Department after urgent requests from many Americans stranded in the states bordering the Pacific.

Bad Reports From Kansas Boosts Price of Wheat

CHICAGO, April 26.—Excited buying of wheat today put up prices 2 3/8 cents above the figures current twenty-four hours before. The market closed strong and within a shade of the top point of the session, with the July option at \$1.00 1/2 @ 1.00 3/4, a rise of 3 cents a bushel from the low level. What caused the advance was the receipt of the worst reports of the week on the Kansas wheat crop.

TITANIC VICTIMS FREEZE TO DEATH ON ICEBERG

NEW YORK, April 26.—Officers of the North German Lloyd liner Princess Irene, which docked just before midnight, told today of a wireless message which they intercepted on Wednesday in which a ship—the name not learned—said that in passing fifty miles from the scene of the Titanic disaster she had sighted an iceberg on which were the bodies of more than a dozen men. All wore life belts and the bodies were huddled in groups at the base of the berg. It was the opinion of officers of the ship that the men had climbed on the mass of ice and had frozen to death as they were swept southward. No attempt was made to take off the bodies.

NEW YORK, April 26.—The bodies of Colonel John Jacob Astor and Isador Straus, the millionaire merchant of this city, and C. M. Hays, president of the Grand Trunk Railway, who lost their lives in the Titanic disaster, have been recovered and are on board the cable ship Mackay-Bennett. News of the recovery of their bodies was contained in a wireless dispatch to the White Star Company today.

The dispatch gives the additional identifications of forty-nine recovered dead on the cable ship. Among others the bodies of Astor and Straus have been embalmed. Of the 205 dead on board the Mackay-Bennett, the names of ninety-one have been sent ashore by wireless. The dispatch which came through the steamer Caledonia and the Cape Race station reads:

"Ismay, care White Star Line, New York.—Further names: William A. G. Dutton, J. Stone, Philip J. Stokes, Edwin H. Potty, William Dashiwood, W. Hinton, Thomas Anderson, A. Lawrence, J. Adams, A. Boothby, Ragoczy, Abel J. Butterworth, A. Robins, Charles Chapman, Albert Wirtz, Achille Wallens, Carl Ashland, J. E. Johnson, J. J. Jones, Y. Anderson, H. P. Sedgwick, G. Talbot, J. M. Robinson, J. C. Hill, J. W. Gill, Eric Jonsson, A. Lilly, E. T. Barker, G. F. Bailey, O. S. Woody, T. Hewitt, F. Connors.

"All following this have been embalmed: C. Jones, Edward Strauss, Reg Butler, H. H. Harrison, T. W. Newells, John J. Astor, Milton O. Long, W. C. Dulles, H. J. Allison, George Graham, Jacob Birnbaum, Austin Lauer, E. E. White, Cyril W. Cavendish and Henry K. Willnor."

William Dobbins, secretary to Colonel Astor, said he had been advised by the White Star Line of the recovery of Colonel Astor's body. Mr. Dobbins said Captain Roberts, commander of Colonel Astor's steam yacht Noma, was in Halifax and would look out for the body.

The White Star line officials expect that the Mackay-Bennett will reach Halifax Monday afternoon.

CAPTAIN REFUSED TO GIVE AID TO TITANIC, IS CHARGE

WASHINGTON, April 26.—A sworn statement that the captain of the liner Californian refused to go to the aid of the Titanic, although only a few miles away, today was filed by Ernest Gill, donkey engineer on the Californian, with the Senate committee. Gill said that the distress rockets were plainly visible from the deck of the Californian and must have been visible to both the bridge and the lookout.

Gill was placed on the witness stand immediately after Senator Smith had finished reading Gill's affidavit. "I saw the ship which I took to be the Titanic," said Gill, "some time before midnight. She was about ten miles away and went past us apparently at full speed. I saw her at the time she was encountering field ice. Her engines were stopped."

The vessel, Gill testified, must have been plainly visible to the bridge and lookouts as well as the rockets which she sent up later. The Californian's captain, he said, paid no attention to the distress signals and his refusal to get up steam and go to the aid of the stranger so incensed the crew that Gill tried to organize a protesting party among the men. He failed, he said, because "the men were afraid they would lose their jobs."

From the rockets Gill judged the distressed ship to be not more than twenty miles off. He described the rockets, his description tallying with that given by Fourth Officer Boxhall of the Titanic, who sent them aloft.

Captain Stanley Lord of the Californian, prepared to make a sweeping denial of the statements by Ernest Gill, but the "Washington Post" said that the members of the Senate committee of inquiry into the Titanic disaster, who examined individually the British sailors and stewards of the Titanic's crew, gathered early today in the office of Senator Smith to prepare a report of their investigations for the full committee. Only a few members of the crew were found who could offer anything of value that had not been elicited from the surviving officers and passengers. Though no announcement has been made it was reported about the committee room that those of the crew whose testimony is not to be taken in open session, will be permitted to leave for their homes in England at once and that some of the officers also will be dismissed. Those retained will be examined as speedily as possible.

OLYMPIC ABANDONS TRIP; SEAMEN HELD FOR MUTINY

Attempt to Put Non-Union Men on Board Leads to Complications

SOUTHAMPTON, Eng., April 26.—The White Star liner Olympic, which had been held off Ryde, Isle of Wight, since Wednesday by a strike of her crew, today abandoned her trip to New York and returned to port. This was made necessary by the desertion of her seamen this morning when the one attempted to replace the striking men with non-union men.

One hundred and twenty-one passengers, who were awaiting the Olympic at Queenstown, have been transferred to the Baltic, which will leave here today for New York. Fourteen hundred sacks of mail, which were to have been forwarded by the Olympic, will be held at Queenstown for the Cunard liner Lusitania, sailing from Liverpool tomorrow for New York and due here Sunday. The Cunard is likely to reach New York ahead of the Baltic for this reason. The mail will be entrusted to her.

SEAMEN ARE ARRESTED.
The strike has a serious aspect beyond the matter of inconvenience to transatlantic travel, as the seamen, having signed for the voyage, have now laid themselves open to the charge of mutiny. Immediately following the walkout the White Star officials appealed to the authorities with the result that the Olympic's whole complement of seamen, numbering fifty-four, were arrested when they came ashore at Queenstown. They will be arraigned in police court at Portsmouth, charged with mutiny.

The National Sailors' and Firemen's Union repudiated the action of the strikers, who are said to have been advised by the seafarers' organization which recently withdrew from the parent body. The firemen of the Olympic struck Wednesday, five minutes before the vessel was due to sail for New York. Their grievance was the alleged failure of the company properly to equip the steamer with lifeboats. Subsequently a delegation of union firemen witnessed a test of the life-saving apparatus and, being satisfied with the same, agreed to return to work.

PROMPT REFUSAL.
Meantime, however, their fellows had dispersed, leaving word that they would not rejoin the ship unless the strikers were released.

aboard when the others left were discharged. This concession was refused by the company, which said it would lay up the Olympic rather than suffer coercion. Officials of the line began to recruit a new force of firemen from Sheffield, Liverpool and Portsmouth, and yesterday announced the Olympic would sail at daybreak today.

This morning tugs containing 250 firemen to replace the strikers came alongside the Olympic and, were putting the new men aboard when the seamen struck. They declared they would not work with non-union men and promptly clambered over the ship's side into the waiting tugs.

WARNED BY OFFICER.
Captain Haddock appealed for assistance to the cruiser Cochrane, whose commander boarded the steamer and warned the crew that any of them taking part in the strike after having signed for the trip would be guilty of mutiny. This had no effect upon the seamen, who proceeded to shore.

Here they were met by a strong force of police and placed under arrest on the ground that their presence in town under the circumstances might lead to disorder. Later the strikers were held in court.

When the helplessness of the Olympic became known a steamer was dispatched from here for Ryde to take off the seamen. Passengers, who were brought here pending arrangements for their transfer to other vessels.

VOLUNTEERS REJECTED.
Three hundred first and second class passengers of the Olympic volunteered to act as firemen, replacing the strikers. The captain thanked them while declining their services. Crowds of seamen and firemen thronged the docks throughout the day and many of these condemned the action of the strikers. The distress in this port already is great owing to the loss of so many heads of families with the Titanic and today's events will perceptibly add to the hardships.

Later it was decided that the saloon passengers of the Olympic would proceed by train tonight to Liverpool, where they will embark on the Lusitania, which will sail for New York tomorrow.

The striking seamen, who included six quartermasters, were arraigned this afternoon in police court at Portsmouth, charged with mutiny. They pleaded not guilty and were remanded for trial next Monday. The court accepted bail for their appearance.

Pleasure Trip Is Ended by Death

FRESNO, April 26.—In the list of bodies of Titanic victims recovered by the steamer Mackay-Bennett, and announced by wireless this morning appears the name of Charles Louch, brother of Rev. William Louch, assistant pastor of the First Presbyterian church of this city. Mrs. Charles Louch was rescued and is in New York. Rev. Louch is also in New York. Mrs. Charles Louch was on her way to Fresno with her husband, a merchant of Bristol, England, for a two-months' visit. She has announced her intention of returning to her six children in Bristol by the next steamer.

deck to the life boats and babies were tossed into the boats, according to testimony given to Senator William A. Smith, chairman of the Senate committee, by F. O. Evans, one of the Titanic's crew. Evans credited this method of loading the boats with the heavy loss of life among the women and children. Evans was examined by Senator Smith last night and his testimony was made public today.

Evans said that women refused to jump. Several were thrown bodily across the gap, Evans said, and one was propelled with such force that she went over the far side of the boat and was saved from plunging into the sea only by her shoe, which caught in an ear lock.

Senator Smith further announced that a lamp trimmer on the Titanic, whom he examined last night, said there were no lights in the life boats. He said that after four boats had cleared the ship he went to the store room and discovered the lamps, flares and oil there. By orders from the captain, he said, he hurriedly equipped as many of the remaining boats as he could.

P. A. S. Franklin, vice-president of the White Star Line, was the first witness before the morning session of the inquiry. Senator Smith read a telegram from United States Marshal Merchie at Boston saying he had served subpoenas on the captain and the wireless operator of the California, but they were prevented from coming to Washington by officials of the White Star Line.

"What do you know about this, Mr. Franklin?" asked the senator.

ON WAY TO WASHINGTON.
"Last night," replied Franklin, "I received a message from Boston saying the two men had been summoned to Washington and that this might interfere with the steamer's sailing on Saturday. I called up Senator Smith, who replied that the men must come and that no depositions would be taken in Boston. I telephoned to Boston that the men must come."....

Captain Refused Aid, Is Charge

NELSON, B. C., April 26.—According to a statement by W. H. Kenervorst of Nelson, who was a passenger on the steamer Mount Temple, that vessel was within five miles of the Titanic half an hour before that liner went down. Kenervorst declared he saw the lights of the Titanic and that although Captain Moore of the Mount Temple had received wireless messages that the women and children had been put off in the boats he hoisted his ship in spite of the entreaties of his officers that he rush to the aid of the Titanic. He said that the other officers of the Mount Temple, clothed in high boots and heavy overcoats ready to lower the Mount Temple's boats, had urged Captain Moore to make an attempt to reach the Titanic but that Captain Moore replied that it was too dangerous and he

would not risk the lives of his own passengers.

Kenervorst said he had gained information as to the wireless messages received by the Mount Temple and of Captain Moore's reply to his officers through a friend of the Marconi operator on board.

Wireless Operator Tells of Messages

ST. JOHN, N. B., April 26.—J. Durant, Marconi wireless operator on the steamship Mount Temple, told the following story of the wireless calls he picked up from the sinking Titanic: "I was lying in bed reading with the telephone over my ear at 12 11 New York time when I caught the first call. Immediately getting out of bed, I answered, asking the position of the ship. This was sent back with the addition 'Come at once, have struck berg.'"

"As soon as I got the message I notified the captain, who doled the watch of firemen below, called all hands on deck and changed the ship's course toward position of the Titanic. Then I went back to my instrument. I did not call the Titanic again because other ships, which I judged to be near, were working and I did not wish to jam them. At 12:21 a. m. I heard the Carpathia answer the 'C. Q. D.' calls of the Titanic and at 12:34 I heard the Frankfort answer.

C. Q. D. FLASHES THROUGH AIR.

"All this time the 'C. Q. D.' message was being sent out incessantly and at 12:45 I heard the wireless answer the call. To the steamer the Titanic said: 'Captain says get your boats ready. Going down fast by the head.' Five minutes later the Frankfort struck in with 'Our captain will go with you.' 'Shortly after 12 45 the Olympic sent another message which the Titanic answered saying: 'We are putting the women off in the boats.'"

"Another five minutes of anxious waiting passed when the agonized 'C. Q. D.' again cut the air, accompanied by the words, 'Engine room flooded.' The wireless operator of the Olympic sent a message to the Titanic which the latter barely acknowledged by the code letters 'R-D.' That was the last I heard.

"It was 4:40 a. m. when we arrived at the position of the Titanic, having been much delayed by the ice. At that time we saw no sign of the ill-fated ship nor any wreckage. About forty minutes later we saw the Carpathia and Californian with the Russian steamer Birma. There was also a tramp steamer cruising about.

CARPATHIA SILENT.

"As soon as I saw the Carpathia I asked for news of the Titanic, but got no reply. Other ships asked the same question, but she kept silent to all. It was not until 8:30 that the Carpathia gave out anything and then the only information was that she had picked up twenty boats.

"At the time I received the first message I would judge the Mount Temple to be fifty miles from the Titanic's position and when the big ship went down there was still twenty or twenty-five miles between us."

LORDS QUESTION TITANIC INQUIRY

Earl Stanhope Sees Danger in Establishment of Precedent.

LONDON, April 26.—The House of Lords took its turn last evening in questioning the government on the senatorial inquiry at Washington into the Titanic disaster.

Earl Spencer remarked that the inquiry seemed to have only two grounds for justification. The first was that the steamer company concerned was not altogether British, but partly American. If so, obviously it would create an extraordinary situation because it struck at the root of the position of the mercantile marine in time of war as to whether the vessel belonged to a neutral or a belligerent power. The other ground was based on the terrible loss of life. If that were given as a reason for the inquiry, obviously other nations whose citizens were passengers on board the Titanic would be justified in holding similar inquiries.

Earl Stanhope agreed that the American inquiry could be left to the good sense of the American people. He feared there was danger of a precedent being set up and should some other power with which Great Britain's relations were not so friendly attempt to detain British citizens under similar circumstances it might become serious.

The Marquis of Lansdowne, leader of the opposition, says he quite approved of the American inquiry. The circumstances, he pointed out, were wholly unparalleled, and he continued: "America has the right of insisting on a prompt inquiry into the loss of the Titanic, as it is clear there are better chances of obtaining trustworthy accounts while the events are still recent."

Several morning papers severely attacked the American inquiry. The Standard says that Senator Smith is "rather less qualified for such a task than any individual picked up in an American street car."

Every survivor of the crew of the Titanic who is returning to his country on the steamer Lapland will be served with a subpoena to appear before the court of inquiry when the vessel arrives at Plymouth tomorrow. The court, the head of which will be Lord Mersey, will begin its investigation next week.

Boy Scouts to Pay Honor to Col. Astor

NEW YORK, April 26.—The executive committee of the American Boy Scouts, of which the late John Jacob Astor was vice-president, has decided to send out an order notifying all troops of the American Boy Scouts to "decorate their colors, guidons and side-arms of officers with crepe for 30 days in memory of Colonel Astor."

All the Italian-Swiss Colony's table wines are noted, but physicians recommend their T. P. (two of us) as the purest and most healthful wine produced in America.

'GREAT IDEAS' ARE PLENTIFUL

There Are Hundreds of Persons Who Can Build "Safe" Steamer.

NEW YORK, April 26.—The various steamship offices here are being flooded with all sorts of suggestions as to how to make Atlantic liners absolutely safe in case of accident. One agent has received more than a hundred letters from all parts of the country, from points as far apart as Portland, Me., and San Francisco. Many of them, each with the "great idea," have called and insisted on personally presenting their theories. Many of the officials are becoming difficult of access.

A favorite suggestion is to have the various decks composed of life rafts, which, when the water reaches them, will break up into separate, non-sinkable boats, each capable of holding a large number of people.

Another popular suggestion is that each line dispatch two ships at a time, a suggestion which seems to the agents to lack practicability, for the reason that no two ships have the same speed and furthermore the dispatch of two at one time would mean that one of them would be empty or nearly so.

Worry Over \$2,000,000 Fund for Survivors

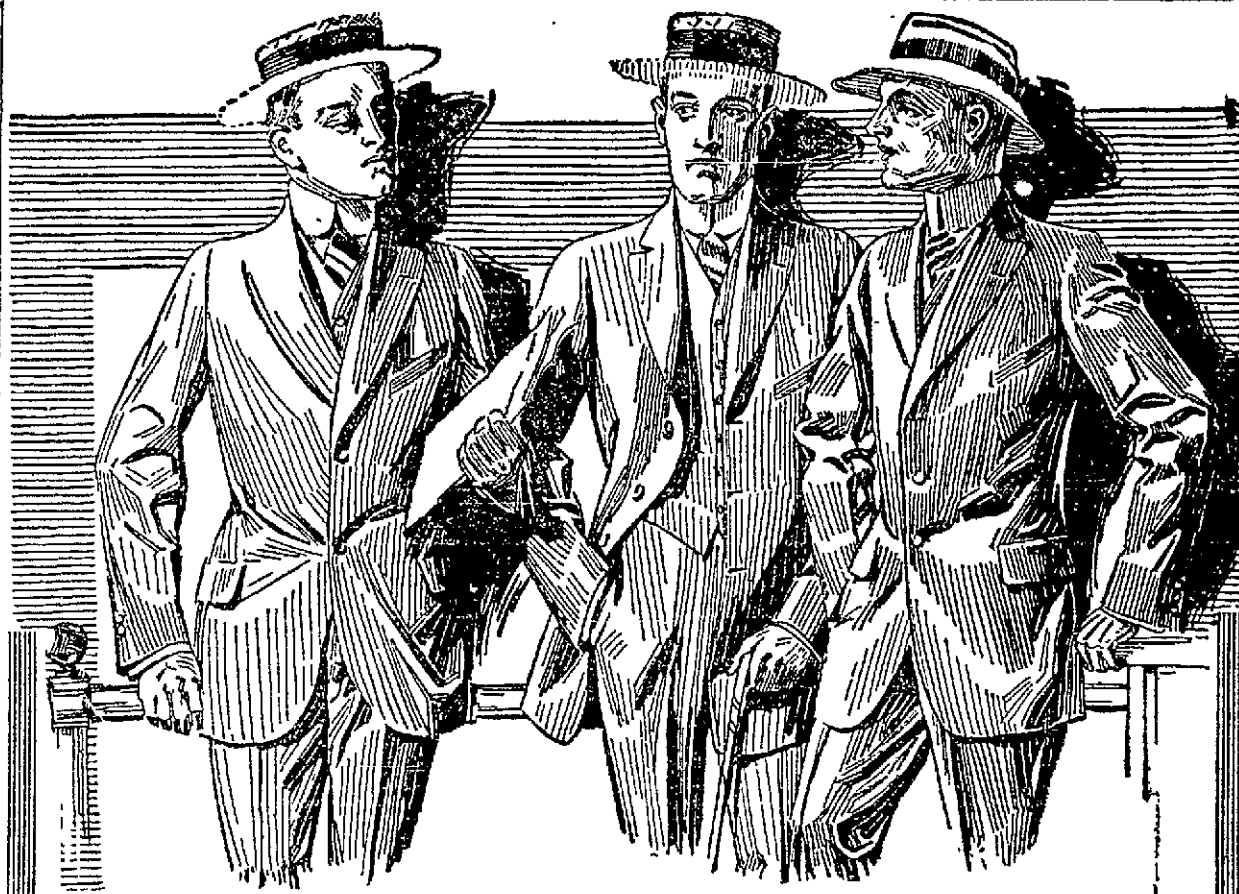

NEW YORK, April 26.—Shipping men here express keen interest as to how the immense funds that have been subscribed in England and America for the relief of the Titanic's survivors will be distributed. The total already raised in London and New York is considerably in excess of a million dollars, and belief is expressed that the amount will eventually reach nearly \$2,000,000. Some of the survivors have expressed apprehensions that professional beggars will try to take advantage of the sympathy aroused by the Titanic disaster with a chance of reaping a rich harvest. There apparently will be no dearth of claimants for the bounty and the settling of the various claims is likely to prove a task of no small amount.

FLONZALEY QUARTET

The Flonzaley Quartet, one of the most distinguished musical organizations in the world today, have written the communication below, signed by each and every one of the quartet, to the Mason & Hamlin Co. It is a communication of unusual value and weight and comes from a body of musicians noted for their musical skill and ability to thoroughly comprehend the musical merits of the Mason & Hamlin creation.

"Gentlemen:—One of the greatest pleasures we have derived, incidental to the Boston concerts of the Flonzaley Quartet during the past two seasons, has been the opportunity we have had of becoming intimately acquainted with the wonderful Mason & Hamlin Piano in its home. Well has this Piano been called 'Boston's Art Product,' and the achievement of such artistic superiority is a fact on which Boston and America may be congratulated.

"The rich, musical tone, susceptible of such infinitely beautiful nuance, the noble and serene majesty of tone quality, the almost human and appealing sympathy of both tone and action—all these and other remarkable characteristics combine to make the Mason & Hamlin Piano unique—unequaled in artistic excellence.

"Your patented tension resonator, in itself so simple, is of the utmost importance, and it is evident to us that its efficiency in assuring durability to your pianos is like the posts in our violins, viola and cello. Accept our heartiest congratulations, and with best wishes for your continued success, we are,

The Queen-mother, Alexandra, sent the following message: "How sad about our too excellent Mr. Stead having lost his life in that awful shipwreck of the Titanic. Do let the family know how much I have grieved for them all."

A great congregation attended a

memorial service held at St. Margaret's in Westminster at noon today for Howard B. Case and "all who perished in the Titanic disaster." Case was an American, but long a resident of Ascot and prominent in business circles of London. The service, which was choral, was conducted by Canon Henson, American Ambassador Reid and Mrs. Reid, other members of the

Embassy, American Consul General Griffiths, Deputy Consul General Westcott, representatives of the American Society of London, the American Navy League and the American Lodge of Masons were present, as were practically the members of every American business house in London. Others were the two sons of Case and many American visitors in London.

ERROR MADE IN STATE ACCOUNTS

Dr. Tisdale's Honesty Is Not
Questioned by Board
of Control.

(Continued on Page 2, Col. 1)

repair to me, and I have a receipt from the Board of Control to that effect. "We keep a card system and every application and the fee paid is entered up upon that card. In some instances it appears that in transferring the applications from the card to the cash book, mistakes were made."

"Everything relating to these matters were found on the records of this office as kept by me. When it appeared on the cash books, I immediately paid the amount of the apparent discrepancy, with the understanding that if it was discovered that they had been properly accounted for, the money would be returned to me."

WERE OVERSIGHT.
Speaking of the matter, Dr. George F. Reinhardt, member of the Board of Medical Examiners, said:

"I presume Doctor Tisdale merely overlooked matters at times, and in that way failed to put money for the fund at the same time that records would be made. The result would be an accumulation which would make a shortage--how large, I do not know. By this carelessness the chance for criticism would come. And there could be no expenditure, for in that case Doctor Tisdale would deal with a bank and the treasurer."

"Because of this double financial system, I do not suppose a shortage could be very great. I believe that matters were simply in this rather haphazard condition when the Board of Control began investigation. As to what action will be taken, I, of course, have no knowledge."

Dr. Charles Tisdale is a resident of Alameda. At the present time he is coroner of Alameda county. His home is at 1601 Alameda avenue. His wife and daughters left two weeks ago on a visit through the east. The father of Doctor Tisdale, Dr. T. P. Tisdale, resides in Alameda also.

Doctor Tisdale and his family settled in Alameda 25 years ago, coming to that city from Honolulu. Before that time they had lived in Indianapolis.

Owing to large property interests, he retired from practice some years ago. Soon after locating in Alameda, he entered politics, identifying himself with the Republicans. He was a member of the board of education for several terms, and lost that position after an exciting campaign. He was elected coroner of Alameda county in 1906 and again in 1910. He is 55 years of age, and is rated as one of the county's best public speakers.

BIG SALE MADE BY LOCAL FIRM

Property on Jefferson Street
Changes Hands at Large
Figure.

The Realty Bonds and Finance Company report having closed a sale on a piece of Jefferson street property, the consideration being close to \$40,000. The property was that belonging to Welles Whitmore, an attorney of this city, the purchaser being L. L. Pelletier. The buyer has come into control of a number of pieces of property recently. This property has a frontage of 35 feet on Jefferson street and indicates the value that that property is fast gaining. The purchaser is intending to erect a modern building on this land.

R. W. Kittrelle of the Realty Bonds and Finance Company, negotiated the sale.

BERKELEY DOGS DOOMED TO LEASH

BERKELEY, April 26. -- The City Council of Berkeley this morning had three ordinances in an effort to regulate the danger from rabies but did not pass either the muzzling or the quarantine ordinance recommended by the Board of Health. One ordinance adopted called for an increase in the equipment on numbers of employees of the Berkeley pound. Another denied permission for the owner of any dog to permit the dog on the street, except it is held by leash. The third ordinance reduced the fine from \$25 to \$5 for failure to secure a dog license, and carried with it the instructions to the poundmen to enforce the ordinance strictly. The council was addressed by several members of a considerable lobby among the speakers being Dr. A. W. Sawyer, head of the State Hygienic Laboratory; Dr. John N. Force and Dr. A. F. Gilliam, Professor George H. Howison, Miss Gladys Fennell and others.

Titanic Survivors Pneumonia Victims

NEW YORK, April 26. -- Mrs. Charles Natch and one of her two children, who were among those saved on the Titanic, are seriously ill with pneumonia at their home in Brooklyn. Their illness began with severe colds, contracted while in the lifeboat. The body of Natch, who was the foreign representative of a big American manufacturing concern, has not been recovered.

PRESCOTT CASE SOON BEFORE JURY

Five Possible Verdicts Will Be
Placed in Hands of
the Jurors.

Shades of the bard of Avon were injected into the trial of Harry Prescott, accused of the murder of Ralph Thompson, shortly before noon today, when Prosecutor Phil M. Carey commenced his closing argument before a jury in Judge Ellsworth's court.

"Oh, beware, my lord of jealousy; it is the green-eyed monster that doth mock," he quoted from the words of Iago.

Carey addressed the jurors for a half hour before noon when court adjourned until 2 o'clock. The case will go to the jury this evening.

Attorney A. L. Frick, for the defense, summed up the testimony this morning. "Let it be murder in the first degree or let it be nothing," he hurried at the twelve men before him. "If honor is not more than death; if it would not mean more to you and to us all, let the verdict be murder in the first degree. There is no law that would have punished Ralph Thompson. It was left for the defendant here to defend the sanctity of his home."

Neither Mrs. Prescott nor her sister, Mrs. Maud Clark, was present at the proceedings, nor was Louis Thompson, aged father of the murdered man. The defendant was seated with his father and both appeared to be under a great mental strain.

Five verdicts will be given into the hands of the jury: Murder in the first degree; murder in the first degree with penalty of death; murder in the second degree; manslaughter and acquittal.

ANNUAL SESSION.

ALAMEDA, April 26. -- The Oakland district of the Women's Home Mission society held an annual all-day meeting in the First Methodist church of this city today.

NEW WHARF NOW READY FOR USE

Anderson Certifies Completion
to City Council at the
Meeting Today.

Completion of the Livingstone street wharf, which has been under way for about two years on the estuary in the Twenty-third avenue factory district, was certified to the city council this morning by Commissioner of Public Works Harry S. Anderson. The work on this wharf was done by the firm of Cotton Bros., the contract price being \$119,000.

The new wharf is of concrete, with reinforced concrete pilings. It is 124 feet wide by 25 in length. The wharf is approached by Livingston street, and is constructed for a possible 30 feet depth of water to accommodate deep sea shipping.

Plans are being made by the manufacturers and business men of East Oakland. The wharf has long been wanted in East Oakland to make possible the development of this district. The wharf is equipped with a belt line railroad, and has accommodations for warehousing.

SUBMITS PLAN OF CITY BATH HOUSE

ALAMEDA, April 26. -- Charles G. Powell, one of the first to announce his candidacy for mayor in the coming election, and who recently offered the city a piece of land near the municipal light works provided the warm water from the plant be used for baths, has caused his architect to draw up plans for the proposed structure, which are now on exhibition in the window of a Park street store.

The plans show a handsome concrete power house with board pavilion running out into the bay. Around the high smokestack a spiral stairway with circular observation platform near the top. On the west side of Park street, on the lot offered free to the city by Powell, is located the bathing tank, approached through a handsomely laid out lawn and playground.

MOTIVE IS SOUGHT FOR TONG BATTLE

Men Under Arrest Not Thought
to Have Been Responsible for Killing.

The police are investigating over the shooting of Lew Soo, a Chinese candy merchant of 210 Webster street, last night, as the wounded man is not a member of a Chinese tong, and it is not known that he had any enemies. The Chinaman received a slight flesh wound in the left shoulder and as a weapon of small caliber was used, the wound is not considered serious. He was cared for at the Receiving hospital.

Two suspects are being detained by the Oakland police, but it is doubtful whether they can be successfully connected with the case in hand. "The two men" were captured late last night and gave the names of Kong Long and Ong Dow. They came from San Francisco and are believed to be long men, probably members of the Hop Sing secret society.

Straus' Horse Dies as Titanic Sinks

PEEKSVILLE, N. Y., April 26. -- Friends of Isador Straus, who, with his wife, perished in the Titanic disaster, are much impressed with a peculiar coincidence which occurred on Straus' farm at Bedford Hills. Before he sailed for Europe, Straus sent his favorite driving horse, Bess, to the farm. On the night of Sunday, April 14, Bess died suddenly in her stall in the stable. Her body was found early the next morning by the farmhands. It was on the night of Sunday, April 14, that the Titanic went to the bottom.

How Build Today To Replace the Worn-out Parts of Yesterday?

Each day thinkers use up cells of the Brain.
Each day active workers destroy cells in the nerve centres.
If the food lacks the things Nature demands for rebuilding, Nervous Prostration and Brain-fag result.
Suppose a bricklayer tried to build a wall and the boss furnished brick, sand and water, but left out the lime?
Suppose you eat plenty of albumin and take sufficient water, but neglect food which contains Phosphate of Potash?
Nature cannot rebuild gray matter in nerve centres and brain without Phosphate of Potash which binds together albumin and water to make it.
Phosphate of Potash, as grown in the grains by Nature, is more than half the mineral salts in Grape-Nuts.

COULD HAVE SAVED TITANIC

Lookout Should Have Been
Provided With Night
Binoculars.

In the testimony brought out at the investigation of the Titanic wreck, the fact was developed that had the lookout stationed in the crow's nest been supplied with night binoculars, he would have been able to see the iceberg that crushed and tore the steel plates from this gigantic ocean liner as it went paper.

While a great many people are familiar with ordinary binoculars that are used in the day time, there are thousands who could not understand how a man could see even with binoculars on a dark night.

In order that these people might understand the difference between night and day binoculars, the writer called on Mr. I. A. Beretta of the well-known optical firm of Chinn, Beretta, and asked him to give a brief explanation of the difference between night and day binoculars. This Mr. Beretta very kindly consented to do.

"In the day glasses or binoculars," said Mr. Beretta, "the light that enters the lenses is reflected by the strong lenses magnifying objects. The distance and clearness with which a person can see with a day binocular depends entirely on how well made and how much magnifying power the lenses have. There is just as much difference between the different makes of binoculars as there is between opera glasses, but on all such vessels as ocean liners, only the very highest grade are used.

"The night glasses or night binoculars are altogether different. Instead of concentrating the vision as in the day glasses, they reflect the object shown through the glasses, they have a wide angle of vision (greater illumination) and concentrate what- ever light there may be. Of course, night glasses would not help if there was absolutely no light, but almost any night there is some light. These glasses gather all the light and concentrate it so that the eye can see the object. They are used for color perception. You know captains and mates, like railroad men, have to distinguish colors clearly, for if they can't, they are liable to make terrible blunders that would cost thousands of lives. This machine will detect any color blindness that may exist, for a man may not be able to distinguish one color, but he can distinguish all the other colors that are brought to his view.

"We also have another machine that is very simple and effective, called the 'head test' and is used for testing the eyes of the officer for color perception. You know captains and mates, like railroad men, have to distinguish colors clearly, for if they can't, they are liable to make terrible blunders that would cost thousands of lives. This machine will detect any color blindness that may exist, for a man may not be able to distinguish one color, but he can distinguish all the other colors that are brought to his view.

ALLEGED MONEY TRUST TO BE PROBED DEEP

WASHINGTON, April 26.—The House yesterday passed the Pule resolution enlarging the powers of the so-called "money trust" investigating committee by a vote of 237 to 15. Under the new resolution the Banking and Currency Committee will employ two attorneys and begin an exhaustive investigation of the relations between the financial interests and the industrial, commercial and transportation interests of the country.

FORT DESTROYED IN SEA FIGHT, IS REPORT

LONDON, April 26.—The bombardment by Russian warships of the Dardanelles forts a week ago was much more serious than officially admitted, says a Constantinople dispatch to the Daily Chronicle. Rumor has it that the entrance of the Dardanelles was completely destroyed, three hundred Turkish soldiers being killed and more than that number wounded.

MARTHA CALHOUN ENDS ENGAGEMENT

No Reason Given for Sudden
Change in Plans of the
Society Leader.

SAN FRANCISCO, April 26.—San Francisco society will learn with surprise of the breaking of the engagement of Miss Martha Calhoun, the eldest daughter of Mr. and Mrs. Patrick Calhoun, and Wilson B. Hickox of Cleveland, Ohio. The news came to this city in private letters from Cleveland. No reason is given.

That the decision to end the betrothal was sudden is proved by the fact that the arrangements for the marriage practically were complete. Miss Calhoun had chosen the month of June for the celebration of her wedding and had invited Miss Julia Langhorne and Miss Marion Newhall to this city to attend her as bridesmaids. The future home of the couple had already been engaged.

The same letter that disclosed the breaking of the engagement announced the death in Cleveland, Ohio, of Hickox's uncle, Charles Hickox, who married Mrs. Henry Havens, formerly Miss Alice Chrystal. Mrs. Hickox is the daughter of the late Peter Chrystal and is a sister of Mrs. Eugenia Harrison.

CHASED BLOCKS BY TWO FOOTPADS

Attempted Holdup Ends in a
Lively Race Into Arms
of Police.

SAN FRANCISCO, April 26.—Angered because their victims had failed to stand and deliver in characteristic fashion, and in order to be rescued by a chance of escape, two footpads pursued Frank L. Smith and Frank Fields for a considerable distance at an early hour this morning and ran right into the arms of the police. Smith and Fields were walking along Portsmouth Square when the thugs, each of whom carried a knife, approached them and demanded their money. Instead of complying both men drew their pistols and the robbers fled. Smith's hat in an effort to detain him.

The would-be victims fled, however, and the robbers followed until the Barbary Coast was reached, when Smith and Fields sighted Policemen Pearson and Walsh, to whom they pointed out the culprits. The latter gave the names of Charles Huss and Henry Lang and were booked for attempted robbery.

ARTILLERY MEN STORM FT. BAKER

Drills Prove Mettle of Coast
Guard in Infantry
Duty.

SAN FRANCISCO, April 26.—Twenty thousand artillery men, deployed as infantry, assaulted the heights of Fort Baker, the highest of the coast defense fortifications about the bay, in a sham battle today, which followed hours of scouting and maneuvering for position. The soldiers have been occupied near the state rifle range on the Marin county shore since the issue of hurry orders a few days ago that the artillery men be given a strenuous training as infantry. Scouting, outpost duty, full equipment practice, "hikes" and target practice have kept the men busy.

It is said the War Department has ordered similar encampments for all coast artillery companies in the service for the purpose of ascertaining the availability of these organizations for use as infantry in an emergency.

CRUSHED TO DEATH BY STEAM ROLLER

SAN LEANDRO, April 26.—Manuel Furtago, a laborer who was terribly injured yesterday when a steam roller passed over his body, died at the County Infirmary early this morning, after an operation had been performed in an effort to save his life. Furtago was working on the Tobin ranch when the accident occurred. The body has been removed to the local morgue. The dead man had no relatives in this section.

'SYRUP OF FIGS' FOR INDIGESTION, BILIOUSNESS AND CONSTIPATION

Better Than Castor Oil, Calomel or Cathartics to Cleanse Your Stomach, Liver and 30 Feet of Bowels; Harmless Laxative for Men, Women and Children.

Primitive folks did not need laxatives. They lived outdoors, ate plenty of fruit, and all of their food was coarse. We modern people are different. We exercise too little, eat little fruit, and our food is too fine—too rich.

We simply can't have our ten yards of bowels clogged up, liver choked with sour bile and stomach full of foul effluvia matter and feel well. It means that the food and waste retained in the stomach and thirty feet of bowels ferments—decays. The decay creates poisons, gases and acids, and those poisons are sucked into the blood through the very ducts intended to suck in the nutriment. Then we have sick headache, become dull, bilious, tongue coated, nervous, meals don't digest and we feel miserable all over. So we must make our choice.

COUNTY TAX ASSOCIATION MAKES ITS FIRST REPORT

Officials Satisfied With Work Done; President Requa Discusses Plans

Reports of the work of the Alameda County Tax Association for the past year were presented at the first annual meeting of the association yesterday afternoon in the rooms of the Chamber of Commerce. Owing to the absence of a quorum of 50 members, the annual election of officers scheduled for the afternoon was not held and the session was devoted entirely to a discussion of the plans of the organization by Mark L. Requa, president.

A summary of Requa's report read by him was as follows: The first annual report of the Tax Association of Alameda county to the members, I take pleasure in advising them that the work of the association for the year has been satisfactory, all things considered, and that experience so far gained, indicates that the existence of the organization is justified, and that there are ample opportunities for correcting the existing unsatisfactory conditions surrounding the expenditure of public money.

In the past, the legislature of this State has been totally incapable of intelligently passing upon the demands for increased salaries and methods of procedure that have been presented to it by public officials, and in the past, more by desire to increase their personal political power or salaries than by any desire to benefit the community.

INTELLIGENT SUPERVISION. If these conditions are to be rectified, the citizens of the State of California and locally the citizens of Alameda county, must exercise an intelligent supervision and manifest at least a rapid interest in public affairs.

The lack of efficiency in public affairs, in sharp contrast to the constant striving on the part of private corporations to reach a higher level of efficiency, can hardly be wondered when we stop to consider that the collection of money entails no effort on the part of the public official and that there is no disincentive to the collection of money. The private individual cannot intelligently perform an extremely important function in order that the members and the public may have an intelligent idea of the future proposed activities, the following

outline is given of the investigations to be made in the county of Alameda. County clerk, county hospital and infirmary and emergency hospital, district attorney, sheriff, coroner, public administrator, surveyor, superintendent of schools, assessor, board of supervisors, purchasing agent, county expert, statistician, highway officers, justices, constables, duties of supervisors in their relation to other department of county activities, etc.

Standardizing all forms of contracts, standardizing the accounting system, standardizing salaries, standardizing public officials, standardizing county administration with possible consolidation of offices, standardizing segregation of offices that should be elective from those that should be appointive.

All with a view single to the greatest efficiency and economy in the county with absolutely no consideration of political parties.

Following this as rapidly as possible the various departments of the city will be taken up and carefully examined.

NEW YORK SAVING. New York city through standardization saved \$5,000 to \$10,000 worth of butter. Five hundred thousand dollars was saved on expenditure of \$2,500,000 for coal, by buying coal on standard contracts on basis of heat units contained, \$392,000 saved on city advertising; \$1,200,000 net saved by the board of city records by standardizing quality and quantity and form of official reports and books; \$45,000 a year saved on printing and salaries by using six standard forms for reports instead of 2,000, \$150 a week for four years saved in Bellevue hospital by standardizing the amount of linen gauze used in clinical operations.

Commissioner Fiedlick maintains that he could save \$15,000,000 a year if permitted to standardize work.

These examples are taken at random and do not include all cases of saving. Similar work is being done in Philadelphia where a fund of \$25,000 per annum has been guaranteed. Cincinnati is spending \$30,000 a year in Chicago a fund of \$100,000 for three years' work has been guaranteed the bureau of public efficiency, Memphis, Milwaukee, Atlanta, Boston, Baltimore and St. Paul, all have bureaus.

You are already familiar with the report on the recorder's office where it is estimated \$7,000 a year can be saved. A report is about ready for issuance on county emergency hospital showing a great saving in this report has also been issued on county accounting suggesting many possible savings. There is no doubt we shall find possible great economies in the other offices and particularly in the offices of the county clerk, which we have had under observation for over two years, but on which the association is not yet ready to report.

To those who are not already members of this association, I urge them to become members in order that the income and efficiency of the Tax association may be increased.

GOULD REPORTS. W. S. Gould, secretary of the association, then presented his report, as follows:

Sixteen men, each imbued with the same large ideas, met together one year ago, March 10, and effected the initial work of the association. Almost immediately a list was secured of the names of those who were interested in the work. The list was then presented to the board of supervisors and they in turn helped in securing the first membership. Since then the list has grown until 60 public spirited men and women have come to a feeling of helpful co-operation in the work.

According to official census returns, and of your own knowledge, the constant tendency of the people of Alameda county is to grow larger and the greater the city, the less individuality of its citizens, hence the impossibility of the individual voice being heard except through some association where the associates appreciate the necessity of listening to the voice and the idea of the association demands into effect through co-operation, judgment and force.

Blindly for many years, many citizens of Alameda county have been "beaten the air" regarding extravagance and inefficiency, but finally all this sentiment has been put into effect through the association, and instead of "the blind leading the blind" the Tax association will be a torch of illumination reaching every recess of official and political darkness.

VERIFIABLE DATA. The association desires nothing more plain understood than the fact that it is in no way seeking to attack the person of any office, but it also wants it plainly understood that it expects to supply verifiable data as to method and cost in all offices.

Educated men owe something to the community in which they live in the way of public service. Many cannot do vote time but in these any reason why any educated tax payer should refuse to join the association? The association is the effort to help, not only standardize and systematize the business of the community, but probably save something on his own taxes.

During the year past 47 meetings have been held. Eight of these were general meetings and 39 were committee meetings (that is executive committee) and several committee meetings (special committees) on special subjects. All these meetings have been characterized by wholesome interest and never has a meeting adjourned for lack of a quorum. The first year is always the hardest in the life of an association of this kind, but the organization is now fairly established and at hand a vast amount of valuable material is being worked during the coming year will be simplified and expedited.

A report of the association, showing the financial status of the association, was given in graphic form information as to the expenditure of money raised by taxes in the various county offices were also presented and were subject to examination by the members present. These charts will later be published in pamphlet form and generally circulated.

FALLS 30 FEET, BUT IS SAVED BY BIG NET

SAN FRANCISCO, April 26.—The fact that a large net had been spread to prevent freight which was being loaded on the Steamer Persia from falling into the bay, saved the life of John White, of 845 Shattuck street, this morning White, of 845 Shattuck street, was working on the Steamer Persia when he fell 30 feet into the bay. GEORGE AUGUR, who is the Giant in the play "Jack the Giant Killer" at the Bell this week.

Giant and Midget a hit at the Bell. "Jack the Giant Killer" Taking Novelty. No vaudeville novelty act this season has made such a pronounced hit with the feminine and juvenile patrons of the Bell as is scored by the unique comedy farce "Jack the Giant Killer"—while the men in the audience liked it immensely. The novelty act is furnished by the great contrast in size existing between the characters, ranging from Captain George Augur, who stands an even 8 feet in his stockings and weighs 365 pounds, to Ernest Rommel, whose height is only 34 inches and his weight 40 pounds. Captain Augur lays claim to the distinction of being the tallest man in the world, and as far as Oakland is

MAST BREAKS OFF; WORKMEN DUCK

Three-ton Piece of Machinery Proves Too Heavy for Big Stick.

While attempting to lift a three-ton piece of machinery from Long wharf this morning, the forward mast of the steam schooner Redondo, Captain Magee, snapped off level with the vessel's forecastle head deck and fell among a number of longshoremen working on the dock. The mast, which is steel, struck the top of a freight car standing on a neighboring track and in so doing rebounded several feet, the result giving the longshoremen a chance to get out of the way. George Chavarrro, who was standing under the huge mast as it fell, was lifted by a portion of the Redondo's upper rigging and thrown to one side just as the mast fell back and crashed over the portion of the wharf where he had been standing. The accident occurred shortly after 2 o'clock this morning.

Taft Strikes Back.

President Taft has at length replied with vigor and spirit to the wanton and unjust attacks of Roosevelt. It was high time he did so. The attack was being pressed with increasing virulence, and the Colonel was growing more and more reckless and untruthful in his statements. The dignity of silence under unjust and untruthful aspersion loses its virtue when it takes on the complexion of timidity. President Taft is a patient man, but not at all timid. There is no tincture of cowardice in his forbearance. His courage is calm but high. In repelling the false charges hurled at him by the third-term candidate he is scrupulously fair and truthful. In this respect his speeches in Massachusetts are a refreshing contrast to the Colonel's unbridled utterances.

With the cold and stern precision of a judge, Taft points out Roosevelt's ambiguous attitude in regard to tariff legislation and the trusts, his singular and sudden changes of front on various public questions, and his cheerful disregard of truth in comparing his own course with that of his successor.

At the outset Roosevelt stated that he had reluctantly become a candidate because he had been called by the people. Then he took the stump in an effort to convince the people that they had called upon him and that his candidacy was necessary to the safety of the country. He reversed his own position on the initiative and referendum and the recall of judges to provide himself with a pretext for assailing the record of Taft. While the reciprocity agreement with Canada was pending he delivered speeches in Michigan and New York in favor of that measure. Now he denounces it. But the charges and insinuations he has leveled at the President—the man who was during his whole term his close personal friend and confidential adviser—prove him to be even more disloyal to the ties of friendship and good faith than he is to political principle. In his Boston speech the President pointed out how uncertain and unreliable Roosevelt's word is, how little dependence can be placed on his pledges, and how disregardful he is of veracity; his impatience with the restraints of law and how contemptuous he is of constitutional limitations. In short, Theodore Roosevelt is just the sort of man Abraham Lincoln gave warning against in an address to the Young Men's Christian Association of Springfield, Illinois, when he gave reasons why the third-term precedent established by Washington should be held inviolate. Said Mr. Lincoln, speaking of ambition and lust of power:

"It thirsts and burns for distinction, and, if possible, it will have it. Is it unreasonable, then, to expect that some man, possessed of the loftiest genius, coupled with ambition sufficient to push it to the utmost stretch, will at some time spring up among us? And when such a one does, it will require the people to be united with each other, attached to the government and laws, and generally intelligent, to successfully frustrate his design. Distinction will be his paramount object, and although he would as willingly acquire it by doing good as harm, yet nothing left in the way of building up he would sit down boldly to the task of pulling down. Here then is a probable case, highly dangerous."

From the grave Lincoln holds up the mirror to Roosevelt.

It is stated that one of the heads of the Roosevelt League—a gentleman closely connected with the State administration—wrote a letter recently to an employee of the Napa State Hospital notifying him that he must get out and work for Roosevelt if he expected to hold his job. The people must rule.

Roosevelt and the Harvester Trust.

The public is beginning to understand the distinction Roosevelt drew between good and bad trusts. In the first category are those trusts that supported the Roosevelt administration and subscribed liberally to the Roosevelt campaign fund. Chief among them appears to have been the trusts controlled by J. Pierpont Morgan, notably the United States Steel Corporation and the International Harvester Company. It will be remembered that Roosevelt gave his consent for the Steel Trust to absorb the Tennessee Coal and Iron Company, and he personally instructed Attorney-General Bonaparte and Herbert Knox Smith, chief of the bureau of corporations, to suspend legal proceedings against the Harvester Trust. This was done at the special instance of George W. Perkins, who is now busy raising funds to finance Roosevelt's campaign for a third term. Mr. Perkins was equally active in raising money to finance the Colonel's campaign in 1904.

Commissioner Smith wrote that Perkins concluded with great emphasis: "That if, after all the endeavors of this company and the other Morgan interests to uphold the policies of the administration and to adopt their methods of modern publicity, this company was now going to be attacked in a purely technical case, the interests he represented were 'going to fight'."

This after Perkins had interviewed Commissioner Smith and threatened to fight the administration if the Harvester Trust was prosecuted for violating the provisions of the Sherman law. Had President Taft given an order not to institute proceedings in the face of such a threat, what would the so-called "Progressives" said about him? They would have denounced him as a coward and a slave to the Morgan interests. Further along in his letter to President Roosevelt, Commissioner Smith delicately presents the political side of the case:

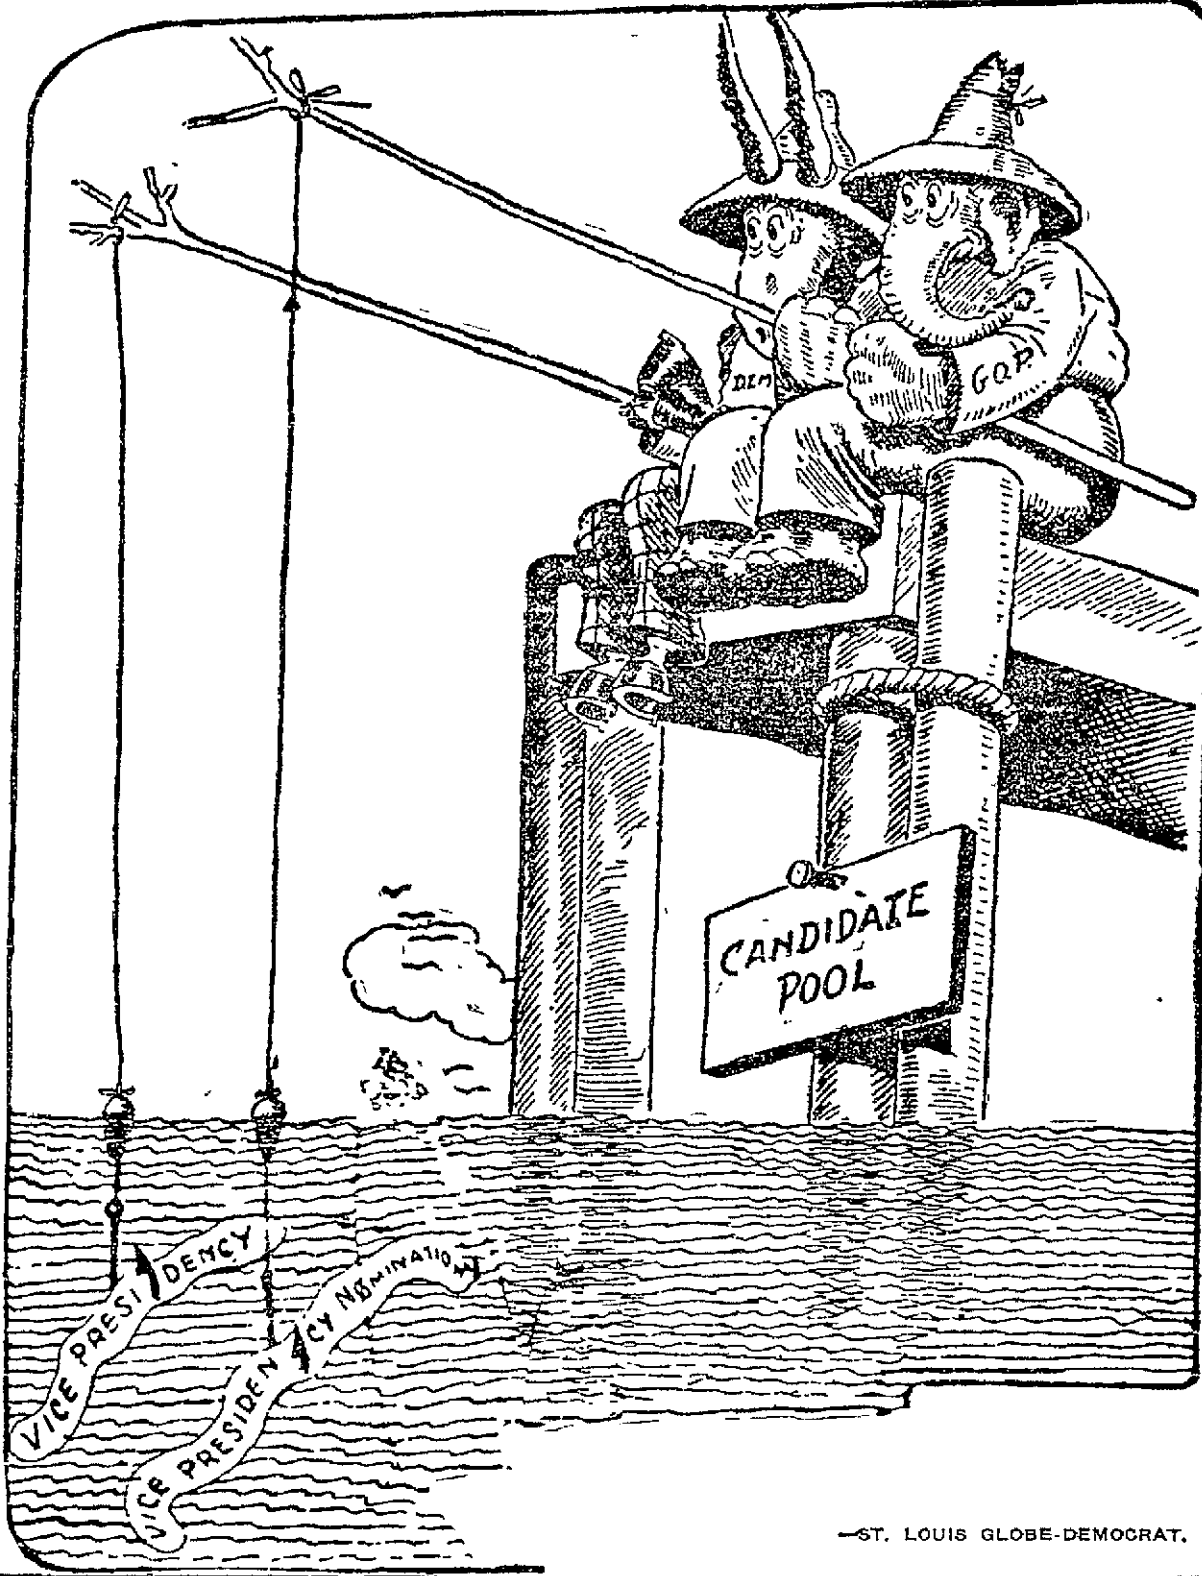

"While the administration has never hesitated to grapple with any financial interests, no matter how great, when it is believed that a substantial wrong is being committed, nevertheless it is a very practical question whether it is well to throw away now the great influence of the so-called Morgan interests which up to this time have supported the advanced policy of the administration both in general principles and the application thereof of their specific interests and to place them generally in opposition."

It is easy to read between the lines of Roosevelt's reply to this letter, but the gist of what he says is an instruction to the Commissioner and Attorney-General to treat Perkins with consideration and not push his corporation to extremity. Suffice it to say, no further action was taken against the Harvester Trust.

Is it surprising that George W. Perkins should be raising funds to finance Roosevelt's campaign?

Taft's supporters expended less than \$6000 in the primary campaign in New York county, the Borough of Manhattan, while the Roosevelt committee expended a little less than \$60,000—nearly ten times as much. The Corrupt Practices Act recently passed by the New York Legislature requires campaign committees to make a sworn statement of their expenditures with a list

NARY A NIBBLE

of the names of the contributors. George W. Perkins, of the Harvester and Steel Trusts, headed the list of Roosevelt contributors with \$15,000. Alexander S. Cochrane and Frank A. Munsey, both affiliated with the trusts, each gave a similar amount. So that more than three-fourths of the Roosevelt fund came directly from the trusts.

Iowa has abandoned Cummins and endorsed Taft. The Colonel was swatted in New Hampshire despite the efforts of Governor Bass' machine, and Connecticut and Rhode Island elected solid delegations pledged to Taft. The President's column is nearly twice as long as the Roosevelt and is nearly long enough to knock the nomination.

Destroying the Food Fish Supply.

Complaint is made that the fishermen are ruining San Francisco bay as a fishing ground. There is justification for the complaint, but if the oil refineries and industrial plants using oil for fuel are not stopped from running oil refuse in the bay there will be no fishing grounds to destroy. Fish are disappearing from places on the bay shore where they were formerly numerous. The masses of oil scum floating on the surface of the water and carried by tidal action into the coves and inlets tell all too plainly the reason why. It is idle to complain about the destruction caused by the fishermen when no attempt is made to stop the fouling of the bay with oil refuse. The damage done by the fishermen is a mere bagatelle compared to the ruin wrought by making the bay a dumping ground for oil refuse.

The practice is forbidden by both Federal and State statutes, but no one in authority seems to take any notice of the injury that is being done. Much activity is displayed in prosecuting persons for catching fish that are undersized or out of season, but no attention is paid to the individuals and corporations that are absolutely destroying the spawning grounds and driving migratory fish from the bay waters. Nobody seems to consider it worth while to enforce the law.

Not so many years ago the tidewaters of the bay abounded with fish of many varieties, but that day has passed. Some varieties of fish that formerly came into the bay in great schools come no more, or in very scant numbers. Smelt and tomcod formerly swarmed in the bay at certain seasons of the year. Very few come nowadays. Clams frequently taste of kerosene, and the oil scum is destroying the shrimp beds. The destruction is in violation of the law, but the law affords no protection since nobody in authority will enforce it. The increasing cost of fish ought to warn the public in regard to protecting the fishing grounds at our door, but the public is indifferent and the destruction goes on unchecked.

While Taft appears to have a safe lead, it is within the range of possibility that the finish would be so close that La Follette's delegates would hold the balance of power. Such a contingency opens an interesting field for speculation. Would the La Follette men go to Taft or Roosevelt, or would they hold out in an effort to deadlock the convention and force the selection of a third candidate—some dark horse, like Justice Hughes, for instance?

The platform adopted by the Illinois Republican convention is a gem of its kind. It praised Roosevelt and his policies and endorsed him for the Presidency. Then it endorsed the administration and policies of President Taft. After declaring that Taft has given the country a wise, able and patriotic administration, the convention elected eight delegates and pledged them to vote for Roosevelt. The annals of American politics do not afford a more glaring instance of stultifying contradiction.

The Colonel's Concession

"I am a juror," T. R. declared. "I have always believed in this sort of thing."

You may call me autocratic;
(You can do so if you choose);
You may think that I'm erratic;
In my sentiments and views;
You may fear the Constitution
Can't be trusted to a king—
But postpone your revolution,
For I like that sort of thing.

There are many dear old fashions
Which I think I'll leave alone;
When I've quieted your passions
And ascended to the throne,
Whence this wind and noise and fury
At my bonnet in the ring?
Take, for instance, trial by jury;
Why, I like that sort of thing.

There are many other phases
Of your antiquated laws
That I'll not consign to oblivion
When I once dig in my claws.
Though my sweep, perhaps is simple,
There is much to which I'll cling;
Take your free speech, for example—
Why, I like that sort of thing.

News!

¶ Tonight at the Oakland Orpheum, McIntyre and Heath will revive their famous minstrel classic "Georgia Minstrels." It will be played Thursday and Friday night only.

¶ On Saturday McIntyre and Heath will appear (for one day only) in "The Man from Montana."

¶ The attention of theatergoers is called to the fact that the noteworthy engagement of McIntyre and Heath at the Oakland Orpheum ends next Saturday night.

¶ Also, please note that every other act on this week's bill at the Orpheum leaves on Saturday night. It will be a clean sweep next Sunday.

¶ Every act on the bill will be absolutely new next Sunday. There will not be a single holdover. Here is the list:

KATHERINE GRAY, a Glorious Star, and Her Players in "Above the Law."

LUCY WESTON, the Famous English Music Hall Artist.

THE SEUMAS-MCMANUS PLAYERS in "The Lad From Larymore."

WORMWOOD'S CANINE AND MONKEY ACTORS.

THE STEWART SISTERS and Their Escorts.

THE MANKICKI JAPANESE CO.—All Marvels.

DOROTHY KENTON, the Girl With the Banjo.

THE GLADDENBECK TRIO in Gymnastic Pantomime.

¶ Look the above list over.

¶ Note the world famous names it includes.

¶ Note that there are eight absolutely new acts to come next Sunday.

¶ Then make your plans to come next week—after you have seen McIntyre and Heath, and the rest of the magnificent bill that's on at the Orpheum this week.

20 YEARS AGO IN OAKLAND

The launch sloop Xara, owned by Louis McMurry and William Bruce, was launched yesterday at the Alice street bridge before a large crowd. Miss May Burke broke the bottle over the prow of the vessel. Among those present were Miss Grace Marston, Miss Hattie Morse, Miss Ethel Gray, Miss Rose Monroe, Miss Lulu Jennings, Edward Walters, J. N. Dunlap and Bruce Palmer.

A number of members of the W. C. T. U. were the guests of Miss Lydia Smith last night, the affair being in the nature of an informal reception. Games and refreshments were enjoyed by the members of the organization.

A baseball team was organized this afternoon at the City Hall, and is to challenge the Receiving Hospital, County Building, and Hall of Records teams. On the team are E. F. Holland, P. C. Kaufman, F. R. O'Brien, J. M. Brady, John Sands, Paul Schafer, F. I. Bates, Tom Bromley, and Tom Ashcroft. Mayor O'Brien is captain and George H. Carleton manager of the new team.

Military Hall was the scene of the opening of the Alpine Social Club last night, the affair being a grand ball. Among those in charge were F. D. Moore, E. W. Closs, J. F. Daragh, and F. J. Bryant. F. D. Moore was floor director.

The Bryant Committee concert of St. Paul's was a successful affair. Miss Louise Brock, Miss Julia Edwards, Dan Lawrence, and Miss Jordan were among the soloists.

The West Oakland Republican Club met last night. Among those on the

program of speeches and music were Richard Thornton, Miss Ella Flynn, Professor Baldwin, C. B. Moon, and William Hurrell. Dancing followed the speeches. About three hundred attended the event. A sunflower social was held this afternoon at Y. M. C. A. hall by the women's aid society of the English Lutheran church. Miss Alice Blessing, Miss Jordan, Miss Alice Blenthen, Eugene Colby, Daisy Hanlon and others assisted on the program.

Bachelor Musings

All the world loves a lover, but he loves himself a heap sight more. A man knows he has a very sweet temper not to have it any uglier than it is.

It's easy enough for a girl to love a man if everybody tries to keep her from it. No woman ever got to be so old that she forgot how beautifully she danced when she was a girl.

You can tell what a man isn't by the way he tells you he is. You can never be sure of sticking to your faith unless you are tied up to it so that you can't get away from it.

Every wife is a martyr, and everybody in the world knows it but her husband.

A woman is awfully stupid to know nothing at all about the value of money and yet be able to make it do ten times what her husband can.

If people couldn't waste their money on foolish things they'd waste it just as much on sensible things.—New York Press.

BRIDE OF FOUR DAYS DESERTED

Pathetic Story Told by Husband, Who Is Awarded Decree.

SAN FRANCISCO, April 26.—A pathetic story of desertion on the part of the bride, whom he had cared for as a wife on the streets of Cleveland, Ohio, and who left him after four days of married life, was revealed by Samuel Rosenbaum, a tailor, of 113 Seventh street, in Judge Morgan's court yesterday.

Rosenbaum described how he had watched the little girl selling papers on the street as he sat in his father's shop in Cleveland. One cold and rainy night he came upon a forlorn figure and found the child sobbing, her papers crumpled and her pockets empty.

He took her to his home and his parents cared for her, brought her up, and finally he fell in love with her. As they were married, our days later he returned home to find that she had fled with a new charmer, Adolph Weisner. The couple were later traced and sent to his workhouse for 30 days.

After the court had heard Rosenbaum's story he granted him a divorce from his wife, Sadie Rosenbaum.

STEAMSHIP WRECKS WHARF AND VESSEL

SEATTLE, Wash., April 26.—The steamship Alameda of the Alaska Steamship company, while returning from the dock at 10:30 o'clock last night, cut the west end of the Coleman dock, including the waiting room, restaurant and tower, and continuing, cut in two the Sound Steamboat Telegraph, sinking her at the slip. Twenty persons were in the waiting room, but escaped.

No lives were lost. The wharfe was tied down and gave those in the waiting room warning.

This steamship Telegraph sank so slowly that the crew jumped to the dock and escaped. The clock tower of the dock is hanging on the Alameda's bow. The Alameda is in charge of Captain John E. O'Brien and is apparently undamaged. The steering gear went wrong.

BID AWARDED FOR CONSTRUCTION OF PIERS

SAN FRANCISCO, April 26.—A contract was awarded to Robert Wakefield for the construction of piers 30 and 32 at yesterday's meeting of the State Harbor Commissioners. His bid was \$75,881.

Seven bids were submitted, Wakefield being the lowest. Grant, Smith & Company were the highest, with \$135,900. Others were:

San Francisco Bridge Company, \$108,800; Lindgren & Co., \$102,000; Healy & Tibbitts, \$128,555; State Construction Company, \$128,000.

The Wakefield contract does not include the cement, which will be furnished by the state; the block paving of the wharves or the opening of doors. Bids for these were opened also.

Don't be surprised if you have an attack of rheumatism this spring. Just rub the affected parts freely with Chamberlain's Liniment and it will soon disappear. Sold by Osgood Bros' drug store.

ORDINANCE PROVIDES FOR SALE OF BUILDINGS

An ordinance providing for the sale of buildings now on recently acquired school sites at public auction was given final passage by the city council this morning, a provision being included authorizing the employment of J. A. Munro, an Oakland auctioneer, to dispose of the buildings. Munro is to receive five per cent of the sum for which the buildings are sold. It is estimated that the buildings are worth about \$10,000. Out of the returns from the auction Munro will pay for advertising the

sale, and for incidental expenses of the sale.
The auction will be held from Munro auction rooms, Tenth and Clay streets, Saturday, May 11, at 1 p. m.

CARETAKER BATTERED BY THUG

Badly Injured When He Traps Burglar in Residence at San Jose

Crook Later Found in Garret With His Throat and Wrists Cut

SAN JOSE, April 6.—Charles Titcomb, caretaker of Mrs. W. S. Morrison's residence at Second and Reed streets, this morning was seriously battered with a piece of gaspipe by a burglar whom he had discovered in one of the upper rooms.

Titcomb escaped from the house and his cries attracted the next door resident, who called up the police. The burglar finally was found in a cubby hole of the garret with his throat cut and his wrists slashed with a knife. Both men probably will recover.

The burglar, who gave his name as Frank Farrell, was recognized by an officer as a man of former good standing in this city, where he was a member of a church choir.

He went wrong, and for some time has been out on parole under a 12-year sentence from San Luis Obispo county for burglary.

SEEK REPRESENTATION ON MISSIONS BOARD

At a meeting of the board of managers of the East Bay Cities Church Extension Society, held last evening at Maple Hall, a memorial was presented by Dr. A. J. Hanson, asking the general conference of the church to so change the law regarding the national board of home missions that the Pacific coast cities may have fuller representation on the board. The memorial was adopted and will be sent to Minneapolis, where the conference will convene on the 1st of May.

Reports of progress in the work of the society and of the churches under its care were made by Dr. Hanson, the corresponding secretary, and by the pastors of the Allendale, Elmhurst and Marin avenue churches. Relief needed was voted to the Melrose church, which has been moved from its former location to a site considered more desirable, at the corner of Kansas and Magee streets, in the Boulevard addition of East Fruitvale, near the end of the Diamond car line. The formal opening of the church in the new location, it was announced last evening, will take place May 19. In the absence of the president at last evening's meeting Dr. Hanson was chosen to act as presiding officer. The treasurer's report was presented by C. W. Kinney, who stated that local churches were not giving the society as hearty support as was the national board of home missions, which has its offices in Philadelphia.

OAKLAND ESPERANTO BRANCH CONVENES

The Oakland branch of the Universal Esperanto Association held their regular meeting at Rice's Institute last night. There was a letter read inviting the Esperantists to hold their eleventh world congress in San Francisco in 1915. Mayor James Rolph of San Francisco and Charles P. Moore filled seats on the advisory board of the convention league. Fred Rivers, editor of LaFambole, gave a short speech and J. R. Ortega of the City of Mexico also delivered an address.

BERKELEY TO VOTE ON AMENDMENTS

Four Changes in City Charter Will Be Decided Tomorrow.

BERKELEY, April 26.—Four amendments to the city charter, the first proposed since its adoption, will be voted upon tomorrow by Berkeley electors. They provide for the sale of liquor in original packages, a definite statement of officials' salaries, a clarification of street opening procedure and an increase of the tax rate maximum from one dollar to \$1.35.

Regarding the last amendment the Berkeley Real Estate Exchange adopted resolutions against it yesterday. Mayor J. Stitt Wilson today issued the following statement regarding amendments 2, 3 and 4:

"Amendment No. 2 changes the wording of the charter so that the School Directors shall be guaranteed their salary of \$15 per month. The present wording has left them without salary, owing to slight technicalities. The amendment also makes it clear that the City Commissioner who goes to the School Board shall receive no additional salary for such services. I sincerely hope that the citizens will vote for this amendment.

"Amendment No. 3 makes it positive that no charge may be made in street opening proceedings for the assessment work and clerical work in such proceedings. Those duties are to be performed by the Commissioner of Public Works and the Superintendent of Streets in conjunction with their other duties without extra compensation.

"The reasonableness of this amendment will appear to all. The Council urges its adoption.

"The most important of all the amendments is No. 4, on the tax rate. Under the present section the Council may levy up to one dollar on every hundred dollars valuation of assessed property for municipal purposes. Every other clause prevents the Council from making such levy for municipal purposes, if the School Board makes a demand of any part of the dollar so levied. The School Board may demand thirty-five cents, thus leaving only sixty-five cents for municipal purposes.

"Citizens of Berkeley, the Council is struggling with great odds to meet the many needs of the city. There is not a single one of our municipal needs that is now being properly met. We have not had enough money for years to take adequate care of our various departments.

"I appeal to the citizens of Berkeley, not simply as your official representatives, but as fellow citizens, to vote for Amendment No. 4 and get the city enough money to properly conduct a city of the size of ours. The three departments, the Police, the Fire and the Park Commission, are all in need of more money. We have millions of dollars worth of streets that are deteriorating for need of funds.

"May I therefore earnestly urge every citizen who cares for our city to give all future councilmen enough money to take care of our civic needs. Vote for amendment No. 4."

ALAMEDA I.O.O.F. TO HAVE PICNIC

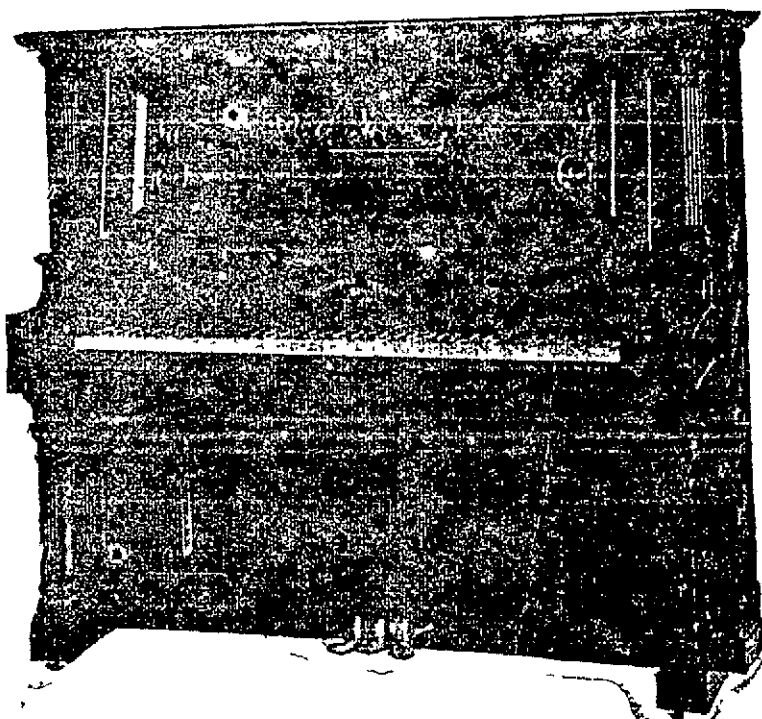

Lodges of Encinal City Join Forces to Celebrate at Fernbrook Park.

ALAMEDA, April 26.—Odd Fellow lodges of Alameda county will join tomorrow at Fernbrook park in one of the largest picnics ever held by the organization. Columbia lodge No. 40 and Encinal lodge No. 184, both of Alameda, are to send large delegations of members and their friends.

The program has been arranged by a joint committee of all the lodges and includes games, sports, music and dancing. The first hour according to the program will be spent in getting acquainted. Music will be furnished by one of the bands of the Fifth regiment.

Following the luncheon, Grand Chaplain Rev. F. D. Nagler, will invoke the blessing of Providence upon the gathering. Hon. I. H. Silveira, grand warden of the Odd Fellows, will be the orator of the day. After that speech he will lead the games which will commence. Races for young men and old men,

COMMITTEE WILL ASK POLICE WOMEN

Feminine Addition to Force Will Be Urged Before the City Council.

The next budget of Oakland will provide for policemen, if the women of several prominent organizations in Oakland have their way. Following the mass meeting of March 18, at which Police-woman Alice Stebbins Walls of Los Angeles and Captain W. J. Petersen of Oakland spoke, Probation Officer Ruess, who presided, was unanimously instructed to appoint a committee of five to further the movement.

The following committee was announced: Mrs. George H. Crawford, representing the W. C. T. U., chairman; Miss Bessie J. Wood, Child's Welfare League; Miss Ida Green, Young Women's Christian Association; Miss Beatrice A. McCall, Probation Officer; and Dr. Susan J. Benton, Public Service Club. Mrs. Walls, the first policewoman in Los Angeles, and perhaps in the world, has just completed a tour of forty cities in California as a result of which many are talking of following her advice and adding one or more women to their regular force. San Francisco women are demanding three, no doubt with the idea that with eight-hour shifts one woman will be on duty at all hours.

It is the contention of those most active in the movement that policewomen are as necessary as women matrons in the county jails, women probation officers, or women matrons in the event of the Whittier School. They believe it is in exceeding bad taste, to say the least, for men to handle the cases of girls and women. The policewoman is not thought of as a woman in uniform, but her duty is to know and deal with the problem of the pitfalls and traps set for the foolish or the unprotected girl in city life.

It is said that no one in Los Angeles is more heartily in favor of the new institution of the policewoman than the average policeman in Los Angeles.

MAKE PROVISION FOR EMERGENCIES

Southern Pacific Company to Use Pier Ferries for Autos in Case of Shortage.

SAN FRANCISCO, April 26.—The Southern Pacific Company has issued further notices relative to the inauguration of thirty-minute service on the harbor route ferry boats on May 1, to the effect that in the event of the failure of one of the ferry steamers at a time when one of the boats is already out of commission, so that no relief boat is available to take the place on the last one that has failed, the old order of handling automobiles on the Oakland pier boats will be in force.

At such time, according to the announcement, there will be a man stationed at the ferry slip at both sides of the bay to notify autoists of the change and to advise them as to the advantageous boat to be taken. When a boat should be laid up for repairs the same limit as is in force at present for gasoline cars will be allowed on the Oakland pier boats, the arrangement to remain in effect until a third steamer is available for the half hourly service on the harbor route.

Captain Puts Into Port Every Night to Nurse His Ailment.

schooner Vera Roberts was twenty-three days coming here from St. John, because she put into some port along the way every night. Captain Roberts is afflicted with rheumatism and he did not care to be at sea at night. "It's all right for these young sea dogs whose bones don't ache, to stay out all night," explained Captain Roberts, "but an old fellow like me can't stay out nights. It's bad for the rheumatism. So I took it easy, making a port every night, and staying there until the sun came up."

KEITH MAKES READY TO INVADE THE WEST

LOS ANGELES, April 26.—The guns of a big new theatrical war were heard booming just over the horizon yesterday, when representatives of B. F. Keith purchased a "White Light" for \$450,000. On this Keith is to build a \$500,000 theater.

Keith is king of Eastern vaudeville, as Martin Beck is the Western emperer. Last winter Beck started an vaudeville following by boldly invading Keith's territory, then New York and commanding work in the metropolitan upon his new palace designed to be the world's greatest variety temple. Keith ordered Beck out of New York and Chicago upon pain of invading western territory. After a bitter clash Beck, it appears, assented to a twenty-year territorial agreement, provided New York be made neutral ground. This bone appears to have stuck in Keith's throat. Sites were purchased in San Francisco and other Orpheum centers. Yesterday's purchase here sounds the final note of the coming conflict.

WALL STREET LEARNS OF STANDARD HOLDERS

NEW YORK, April 26.—Some of the mystery which surrounds Standard Oil affairs has been penetrated and will street has learned for the first time the names of a large number of stock holders of the Standard Oil Company of Indiana. There are 1,000 owners of the stock.

John D. Rockefeller heads the list. On January 1, 1912, he was the owner of 2,422 shares received in the dissolution of the Standard Oil Company of New Jersey. A short time ago Standard Oil of Indiana declared a 3,000 per cent stock dividend, which increased the king's holdings to 746,460 shares. His income on this on a 20 per cent dividend basis would be \$1,492,920 annually.

John D. Rockefeller Jr., at the first of the year owned seven shares of stock in the Indiana company, and William Rockefeller eight one shares. They now hold 210 and 2,420 shares respectively.

PRACTICAL JOKER TAKEN SERIOUSLY AND SUFFERS

CHESTER, (Pa.) "April 26.—I want a drink, and I want it quick," demanded John Harris, an actor, who is connected with a company showing at a local playhouse, as he entered the bar-room of a prominent hotel in this city about six o'clock in the morning. As he made the remark Harris pointed a stage pistol at Edward Dutton, the hotel porter, who was cleaning up behind the bar. Believing that the revolver was a real one, Dutton jumped over the bar and, making a vicious lunge at Harris, knocked the practical joker to the floor.

U. S. SENDS SUSPECT BACK.
LOS ANGELES, April 26.—Charles Dean was ordered extradited to New Westminster, B. C., by United States Commissioner Van Dyke yesterday to stand trial on the charge of having Montreal. On motion of Dean's counsel he was granted a stay of execution for ten days, that the case might be reviewed by United States District Judge.

BANK LOANS \$30,000 TO \$15 A WEEK CLERK

NEW ORLEANS, April 26.—In further investigation of the failure of the Fidelity Bank and Trust Company it developed that F. A. Bruce, a \$15 a week clerk in a concern operated by Joseph Gomila, a director of the bank, owed the bank \$30,000, secured by notes.

Bruce was dumfounded when apprised of the debt and told the District Attorney he had nothing with which to secure the notes. He was ordered held on \$3,000 bond.

When asked why he signed the notes, he said: "Well, Mr. Gomila asked me to do it and I didn't think anything of it. He said he would take care of them and not to worry."

It is now estimated \$75,000 worth of worthless paper is held by the bank. The exact amount of the shortage cannot be determined until the bank examiners finish their work.

SIX TOWNS VOTE "WET"

REDDING, April 26.—Supervisor District No. 2 went wet yesterday by the close margin of 17 out of a total vote of 666. Eight sections are allowed to remain in business. The towns in this district are French Gulch, Harrison Gulch, Gas Point, Igou, One and Gladstone.

MARKET INSPECTOR BEN DAVIS IS DEAD

SAN FRANCISCO, April 26.—Ben Davis, for many years Chief Market Inspector of San Francisco, died last Tuesday at his home, 2615 Sacramento street. Funeral services were held today at his late home and afterward at Golden Gate Commandery, Hall under the auspices of South San Francisco Lodge, No. 212, F. and A. M., of which he was a member. He was 58 years old.

Following the great fire of April, 1906, Davis took charge of the relief camp at Jefferson Square.

For twenty years Davis was secretary of the Journeymen Butchers' Protective and Benevolent Association of the Pacific Coast. For the last three years he had been assistant secretary of the Retail Butchers' Association of San Francisco.

Davis is survived by his widow, Rebecca Davis, and their children, Cora Davis, Mrs. Arthur H. Fisher, Mrs. George Dwyer, Mrs. Charles Lord, Rose Davis and Thomas Bryson Davis; and his sisters, Mrs. B. Wood of Salt Lake City, Mrs. H. M. Benheim of New York City, and Mrs. H. Rothchild of San Francisco.

MRS. OSCAR SUTRO will be hostess at the unique affair Sunday evening, when she has bidden a number of folk to her home in Oakland avenue for a fancy dress party. The evening is being looked forward to, and many attractive and fanciful costumes will be worn by those who have been bidden to share in the festive occasion.

A pretty informal tea on Wednesday was that given by Mrs. Oscar Long, who entertained in her usual delightful style.

LARGE RECEPTION TONIGHT.
About 200 bay city folk will gather at the hospitable home of Mr. and Mrs. C. F. Wieland, on Monte Rosa terrace in Berkeley tonight for a reception.

The complimentary guest will be Miss Myrtle Bennett, niece of the hostess. Miss Bennett is the fiancée of Harry Newcombe of New York and the wedding will take place next month at the Wieland home.

DINNER DANCE TONIGHT.
Dr. and Mrs. Frank Shores will entertain this evening at a dinner and dance complimentary to Miss Hollenbeck of Los Angeles and Mrs. Saxe-Collins, a southern visitor.

The affair will be given in the Shores new home in Valle Vista avenue. About 70 guests have been bidden.

MOTOR TRIP.
Dr. and Mrs. F. R. Jordan entertained a party of friends recently on a jolly motoring trip.

DISTINGUISHED VISITOR DEPARTS.
Mrs. Laura Conway Tucker, who has spent the winter in California, as the guest of her niece, Mrs. Charles Dougherty of Pleasanton, and Miss Vnez Bettadillo, returned last week to Boise, Idaho. She was entertained by many of her old friends and relatives. This was Mrs. Tucker's first visit to California in eighteen years.

Mrs. Tucker will be remembered by many of the old residents of the early days of San Francisco, as Laura Conway, one of the younger daughters of the late Dr. and Mrs. John Rector Conway of Kentucky. Mrs. Tucker's mother, before her marriage to the popular army surgeon was the beautiful Mary Thurston of Louisville, Kentucky, a niece of Buckner Thurston, one of the chief justices of the United States Supreme Court.

TO LEAVE BERKELEY.
Mr. and Mrs. Sydney V. Smith and their family will give up their home in Berkeley next week, and will occupy their new residence in San Francisco.

OVER WEEK-END.
A jolly party of bay city people will spend the week-end with Mrs. Potter Cook of Rio Vista. Included among her guests will be Mr. and Mrs. Gilbert Curtille, Mr. and Mrs. Lawson Adams, Colonel and Mrs. John F. Irish, Mr. and Mrs. C. J. Martin, Mrs. Flood, and Mrs. Alvin Anderson, Miss Katherine Anderson, Colonel Charles Murphy, Mr. and Mrs. William Romalino, Miss Maud Madden and Miss Ida Welch.

DANCE TONIGHT.
The Duodecim dance takes place tonight at the Home Club and nearly 200

folk will attend. This is the fifth semi-annual dance given by the club.

GAITY CLUB TO MEET.
Mrs. Edward M. Walsh will be hostess tonight and will open her ballroom for the members of the Gaity Club the affair to be a dance.

This organization is composed of about a score or more of the younger girls, who have not yet made their formal bow to society.

TO GO SOUTH.
Mr. and Mrs. John B. Wallace and their niece, Miss Frances Ramsey, will leave on Saturday for Southern California, going by automobile. They plan to be away several weeks.

AT CARD TABLES.
Mrs. Maurice Walsh will entertain a score of guests Tuesday at her Monte Vista avenue home. Her guest of honor will be Mrs. Harry Lawson of Victoria, B. C.

MAKE HOME HERE.
Mr. and Mrs. Alfred Rosenstern have given up their apartment in San Francisco and have taken a house on this side of the bay for the summer.

AT BRIDGE.
Mrs. William Milwain has sent out cards for the afternoon of May 5 when she will entertain at bridge.

ISSUES WEDDING CARDS.
Mrs. Carl Bruntch has issued cards for the wedding of her daughter, Miss Eloise Bruntch, and Dudley B. Sales for Wednesday evening, May 1, in Christ Episcopal Church, Alameda.

A large number of friends will witness the ceremony and will be followed by a reception and wedding supper for the relatives and members of the bridal party. Miss Joan Oliver will be maid of honor and Mrs. Carl Rhodin, a cousin of

WOMEN IN THE NEWS

PRINCESS MAY CALL FOR MAKINS'

Loses Gold Cigarette Case With Its Contents While on Auto Ride.

SANTA BARBARA, April 25.—Princess Rosapigliosi of Rome, who is spending a year touring America, is the Potter Hotel in this city, and since her arrival has been the cynosure of all eyes at the fashionable hostelry. She attracts attention by two of her accomplishments, one being her exquisite beauty of face and figure and the other her cigarette smoking. She must have her smokes and at frequent intervals, much to the consternation of some and the amusement of others.

Yesterday the Princess went for an automobile ride and when she reached the Santa Ynez mountains lost her solid gold diamond-studded cigarette case. The loss cheated her out of some smokes, which she declared she missed as much as the case. However, the former was easily replaced upon arriving in town and she was compelled to advertise for the case. She has offered a liberal reward to the finder.

The Princess is accompanied by Mrs. George Whitell and George Whitell Jr. of San Francisco.

Anna Is Sorry
NEW YORK, April 25.—Anna Held, who ended her long matrimonial engagement with Florenz Ziegfeld, left yesterday for Paris aboard the French line steamship Savote.

She was asked if she would marry again.

"Perhaps it will be poor Florenz again. He looks so forlorn yet I may give him nuzzler chance. But my sorrow for Florenz was divided with zat for my poor doggie, ze General Marceau. He died you know."

"Zee poor little General Marceau, he swallow one heag too baloon and then he eat one British lion an he swell open an zee glass eyes of zee British lion and zee plus what are stuck in him an zee sawdust, eet all make heem very seek."

Miss Held said that she would return next season and perhaps under the management of her recent husband.

400 Want Him
PHILADELPHIA, April 25.—Harry F. Martin, the Magnolia, N. J. barber who under the terms of his aunt's will must marry within eighteen months if he wishes to inherit the \$10,000 she left, received 400 letters from young women willing to marry him, with the \$10,000.

The letters came from all over the east. Martin had answered several, but he has one qualification. The young woman who eventually gets her heart and pocketbook into his keeping must be a manicurist.

"After I marry," said Martin, "I am going into business for myself. I expect to open a handsome barber shop in some large eastern city, and I want my wife in the shop."

Greets Taft
BOSTON, April 25.—When President Taft reached Greenwald, a suburb of Worcester, to make a speech yesterday Betty B. Higgins, an eleven-year-old girl, dressed in her best Sunday clothes, walked up to him and presented a bouquet of flowers. Afterward she said to him: "I am your little cousin, Betty B. Higgins. Your sixth great-grandfather Deacon Samuel Cladlin, was my seventh great-grandfather so you are like me and one-tenth of me are alike, but ten tenths of me believe that nine-ninths of you will be elected President again."

Co-ed in Race
STANFORD UNIVERSITY, April 25. Miss Marjorie Briscoe, a student of the college of the year of 1912-1913, in the first election, which included the name of four aspirants, Miss Briscoe, with the elimination of K. Green and C. Paul from the race, a hot contest for the editorial honor is expected at the Stanford polls tomorrow.

which the bride's father is a member. He is a member of the Theta Delta Chi fraternity. Recently Mrs. Gove, with her mother and sister, Miss Evelyn Bancroft, returned from a several months' sojourn abroad. While in college, the bride was a prominent student and a member of the Alpha Omicron Pi sorority.

RECENT ENGAGEMENTS.
Mr. and Mrs. A. F. Trahan announce the engagement of their daughter, Miss Carrie Trahan to J. H. Kork of this city, the marriage to take place this summer.

The engagement of Miss Katherine S. Marsh and Harry B. Morrill was announced recently at a dance in San Francisco. Miss Marsh is the daughter of Mrs. Elizabeth Henry and has many friends in Berkeley, where the family formerly resided. Morrill is the son of Mrs. Harry N. Blair, formerly of Berkeley, but now a resident of Portland.

VISITING HERE.
Miss Irma Warner of Modesto is the house guest of Mrs. Joseph Warner at her attractive home in the Linda Vista district. Mrs. Warner is a frequent visitor here and her arrival is the signal for considerable entertainment.

TO MAKE PERMANENT HOME HERE.
Mr. and Mrs. Alan Field have returned to the bay cities. They will be the house guests of Mrs. J. C. Hall for a time, and will make their permanent home in Berkeley or Oakland.

CHICAGO SUFFRAGISTS WAR WITHIN RANKS
CHICAGO, April 25.—Dissension in the ranks of the women's suffrage party is believed to be responsible for the organization relinquishing its downtown headquarters. Strife developed after the defeat of the movement at the recent primary election and members of the executive committee felt that maintaining office further was a needless expense. The vote to abolish the headquarters was not unanimous, but members of the committee refused to tell what the vote was on the question.

DON'T HURRY

By LILLIAN RUSSELL

(Copyright, 1912, Lillian Russell.)

CALMNESS prolongs life, while hurry makes one clumsy and ineffective. Hurry almost always implies fluster and distraction. It spoils the good effect of an action and weakens the point of a speech. Want of method is probably the chief cause of hurry. If people, instead of rushing at their work aimlessly, would take ten minutes to plan an orderly system they would rarely be obliged to hasten. Hurry is a serious detriment to health, for it causes one to breathe short, shallow, jerky way, which prevents the proper use of the diaphragm. Speed may be prevented and poise restored by stopping to take a dozen long, deep inhalations. I have seen beautiful women become victims to chronic dyspepsia from just that eternal hurry.

Just as a good business man plans his work, so should a woman plan her day's duties, allowing for unexpected interruptions. When you plan for some important appointment that will take ten minutes, set aside twenty minutes for it. Then you will free yourself from that bad habit of looking at the clock, and both you and your visitor will be more at ease. Should the meeting be of a business nature you will find that much more may be accomplished by that rule.

No lovely woman need fear that she will be considered cold and indifferent if she takes time to think before she speaks. Nothing is more beautiful and attractive than a woman with poise. The French call it "savoir faire," meaning knowledge of the game, or knowing the right thing to say or do at the right time. The woman who thinks out and plans just what she means to do will accomplish all she has planned, and be inspired to accomplish even more.

We must have a true perspective, a proper proportion of importance. As the Hindoo lives a great portion of his time in view of eternity, so we in the opposite manner camp our vision and fix our eyes upon things immediately about us. They seem enormously large to us and of great importance, whereas really they are comparatively trifling, and "we are frightened at the trifles. If we could get the right perspective we would find ourselves thinking, then organizing.

Muscular relaxation is of enormous value for the purpose of preventing hurry. Smile with the eyes and relax the hands. Try this when you feel that hurried spirit coming on, and you will be surprised at the effect of repose it will give you. When reading we are apt to hurry. The habit of reading a few sentences twice over will retard speed and call attention to that habit to such a surprising extent that before a week has passed you will read slowly and thoroughly, and with a better understanding of what you are reading. Remember, dispatch is a virtue, but hurry is an infectious disease.

and then get face powder, talcum powder, sachet, toilet water and bath powder in the same odor.

If sachet is mixed with an equal quantity of powdered orris root its fragrance will last much longer, and you will not need as much sachet as if it were used alone. I use orris root and sachet mixture whenever possible without any filling of cotton wadding, or only a little if it seems necessary.

MRS. J. F. D.—I would not advise you to put too much borax when washing your hair, for this will make it dry and brittle in time. You seem to be very young to have gray hair. Perhaps it is hereditary. Was your father's or your mother's hair gray at an early age? If so, this is probably the cause for yours turning gray. I cannot give you a dye for your hair, but shall send you a formula for an excellent hair tonic and directions for scalp massage, which will prevent your hair from turning gray. The tonic is also good for dandruff. I cannot give you a recipe for a powder. Formulas for powder are exceedingly hard to make, as the ingredients have to be powdered so finely and sifted so many times that it isn't worth the time and trouble to make them. You can buy just as good powder on the market as you can make. A good, pure rice powder agrees with almost any skin.

Answers to Queries

L. R. D.—I thoroughly dislike perfume of any kind. They are disagreeable to many people, too. Instead of perfume use sachet. It has a much more pleasing odor and is more lasting than perfume. With sachet there is never the vulgar, strong scent of freshly applied perfume, and when rightly used it

gives off just the faint suggestion of daintiness and sweetness which every girl loves to have about her. Many delightful odors can be had in sachet nowadays, and there are quite as many varieties, as in perfume, so we can always get our favorite odor. It is always nice to use the same odor in as many toilet articles as possible. Choose a favorite scent, such as violet or rose,

Daniel Hull Charged With Obtaining Goods Under False Pretenses.

Tells Officials He Has Account in Bank, Which Is Later Denied.

SAN FRANCISCO, April 26.—Daniel Hull, who says he is a nephew of former President Hull of the American Bankers' Association, and the son of a prominent Savannah, Ga., banker, is under police surveillance here, pending investigation of charges of having obtained merchandise by false pretenses.

Hull was taken into custody late last night on charges of having given false drafts in payment for a \$1375 diamond ring and of having obtained in a similar manner \$513 worth of merchandise from a clothing store. He told the police he had sufficient funds to cover the amounts in question on deposit in the Lowery Bank of Savannah. A wire to the bank, sent by a detective agency early today brought the reply that Hull had no account there.

The accused man, who is 24 years of age, immediately telegraphed his father in Savannah for \$5000, assuring the police that the money would be sent.

The young man said his mother and sister were in the Grand Canyon of the Colorado enroute to San Francisco, where they had intended to join him on a tour of the Orient. His father, he declares, is the director of a bank in Savannah, two banks in Atlanta and one in Florida. Hull admitted he had spent most of his time since his arrival in San Francisco in the Tenderloin district. He said he was a nephew of Hoke Smith.

FEAR FELT FOR

IN MEXICO

Wealthy Mining Operator and Physician Are Reported Missing.

Friends Fail to Hear From Virgil York, Who May Have Been Slain.

BISBEE, Ariz., April 26.—Conditions along the west coast of Mexico became more alarming today, according to reports which said today of the friends of Virgil York, a wealthy mining operator, formerly of Alamogordo, N. M., and an American physician now missing, that the two men have been either killed or imprisoned by rebels.

York, who recently was robbed of \$4000, left Bisbee shortly after the attack upon that city, accompanied by the physician and were headed for the mining town of San Jose de Gracia, but their friends have not heard from them since and fear for the men's safety. Consul Taylor has advised Americans to go to centers of population or leave the country.

200 DIE IN BATTLE.
MEXICO CITY, April 26.—The capture of Huertla, by the federalists, cost a loss of two hundred to the Zapatistas, according to reports received here. The loss of the federal troops is officially given as eight men killed. Reports from Nativitas, in the Department of Zacatecas say that 150 rebels have surrendered and accepted amnesty. Telegrams say San Blas on the west coast is in danger of falling into the rebel hands.

TO RECRUIT HEAVILY.
SAN DIEGO, Cal., April 26.—The captain of the two San Diego companies of the National Guard received orders today from Adjutant General Forbes at Sacramento to recruit both companies to seventy men each and be ready for service at any time. The instructions also ordered that equipment be at once made ready for service. It was announced also that as much more equipment as is necessary will be sent here.

WASHINGTON, D. C., April 26.—Since the rebels began to make headway in their operations along the Pacific Coast, communication has been cut with many interior towns where Americans reside. This has left the state department without information as to their safety and this in the face of reports of the necessity of sending a United States vessel to the coast. Today's reports declare the situation throughout Mexico as generally becoming worse. Marauders are causing much uneasiness by their activity.

Board to Permit Fraternity Boys to Re-enter High School.

Lads Must Agree to Obey the Law and Resign From All Clubs.

The High School boys suspended for membership in the "Good Enuf Klub," alleged to be a high school fraternity, will be permitted to return to the High School next term if they resign from a resolution passed by the Board of Education last night.

The board was upheld in its action of suspending the boys by Superior Judge Arnold, who tried the suit brought by them for reinstatement.

Director J. B. Cook offered the resolution stating that it was the desire of the board to punish the boys, but to enforce the rules of the board.

"If the boys will agree to obey, there is no reason why they should be kept from school," he said. "All we want is obedience. The court supports us, and let us treat the boys fairly."

THE RESOLUTION.
The resolution was as follows: "In consideration of the fact that the Superior Court has rendered a decision sustaining the Board of Education in its decision that members of the 'Good Enuf Klub' were disobeying the anti first law and the rules of the Board of Education.

"And further, in consideration of the fact that the Board of Education has no desire to keep these boys out of school after the present term, provided they will conform to the rules and regulations of the board, therefore be it resolved: That A. Hill, Frank Ogden, Joe Bell, Bruce Hall, Malcolm Hook, and Wallace Ransom be permitted to return to school, at the beginning of next term with full understanding that they will sever all connection with the G. E. K. and all clubs or fraternities not approved of by the board. (Signed) A. S. Kelly, M. R. Bronner, A. F. Brown, John Forrest, J. B. Cook, H. Boyle."

STREET MATTER.
The matter of streets on land to be acquired by the city for the Emerson school was brought up by Director John Forrest. He will take up a portion of the proposed extension of Wilson avenue, where it branches from Prospect, it was proposed to allow a corner of the lot for this purpose.

Condemnation proceedings must be taken for both street and school, and it was suggested that they be combined into one.

"I suggest," said Forrest, "that we take up the matter with the city engineer."

This idea was adopted, and a report will be made by the city engineer.

Bids for school supplies were received, and submitted to the legal department. The legal form will be passed on and contracts awarded next week.

NELSON LINE TO
ACCEPT FREIGHT

Sunset Wharf to Be Used for Local Shipping to the North.

Local shippers of freight to Seattle, Tacoma and other northern points will ship direct by the Charles Nelson line of steamers instead of via San Francisco, through the courtesy of the Sunset Lumber Company, and as a result of efforts of the manufacturers' committee of the Chamber of Commerce. The special freight committee of that body met yesterday at the Chamber of Commerce and arranged details of the shipping.

Boats on the line will leave for Seattle, Tacoma and Everett on a six-day schedule, beginning May 8, and for Bureka, Arcata and the Humboldt country on a seven-day schedule, beginning May 3. The vessels will sail from the Sunset Lumber Company wharf at the foot of Oak street, where facilities for loading are offered by the company to all local shippers.

Efforts are also being made by the committee and its secretary, Fred Boegle Jr., to secure a list of other northern points to which shipments are made by rail concern. If sufficient freight is sent to these other points efforts will be made to have the vessels stop. More than 100 letters have been sent out for this purpose.

The new arrangement will do away with the complaints registered with the committee by local shippers that they had to pay often as much to have their merchandise carried across the bay to San Francisco as to have it shipped there as they did for charges from San Francisco to Portland and other northern points.

"DRY" MEETINGS AT
END IN BERKELEY

BERKELEY, April 26.—The last of a series of meetings of the committee of fifty opposed to the liquor amendment was held last night at the Le Conte school house, Mrs. Anna Moore presiding. A grand rally in the Berkeley high school auditorium tomorrow night will end the campaign. This has been a vigorous and energetic campaign and the opponents of the sealed package amendment have been assisted by over 400 workers from the churches, temperance societies and Berkeley merchants who went to Berkeley to be kept dry. The speakers last night at the local meeting were the Rev. H. J. Loken, L. E. Blochman and the Rev. G. D. Yoakum. Each presented different but related phases of the anti-liquor amendment campaign.

REV. W. H. WHEELER
ACCEPTS CALL TO
OAKLAND CHURCH

REV. WILLIAM H. WHEELER.

MODESTO PASTOR
WILL COME HERE

To Succeed Rev. Jerome K. Trivette as Rector of the Church of Advent.

Rev. William H. Wheeler, pastor of St. Paul's Episcopal church of Modesto, has accepted the rectory of the Church of Advent of East Oakland, as the successor of Rev. Jerome K. Trivette, who resigned from the ministry.

According to the announcement made by the members of the board of vestrymen, Dr. Wheeler will preach his first sermon Sunday morning, May 6, in the Church of the Advent. He has tendered his resignation from the Modesto church to take effect May 1.

The clergyman was recommended to the vestry of the East Oakland church by Bishop William Fort Nichols. Recently the officers of the parish extended an invitation to Dr. Wheeler to occupy the local pulpit.

In 1905 Dr. Wheeler was ordained into the ministry by Bishop Nichols. He prepared for a ministerial career in the Church Divinity School of the Pacific and received his degree. He was assigned to missionary work in Tuolumne county, in charge of St. James Mission, Sonoma. He has since been in charge of St. Michael's Mission, Tuolumne. Until 1911, he was engaged in the missionary field. In May, 1911, he became rector of St. Paul's church, where he made a brilliant record.

APPOINT EXPERT
TO MAKE REPORT

F. M. Ray to Appraise Value of Pacific Gas and Electric Company.

Appointment of F. M. Ray, a civil engineer and gas and electric expert, residing at Twenty-third and Valdez streets, to investigate and appraise the value of the Pacific Gas and Electric Company as a basis for fixing rates for gas and electricity for the coming fiscal year, was made by the city council this morning on the recommendation of Mayor Frank K. Mott.

The gas and electric expert will make a detailed report to the city council and this report will be used as the basis for fixing rates to be charged by gas and electric companies in Oakland.

Ray will act for the city temporarily in the same capacity with regard to gas and electric rates as that now occupied with regard to the water rate fixing by Consulting Engineer J. H. Dockweller. The resolution making the appointment includes a provision limiting the expenditure for this purpose in employing Engineer Ray to \$499.

Ray appraised the plants of water, gas and electric companies of Phoenix, Ariz. He was formerly employed by the Bay Cities Power Company at Sacramento and about ten years ago appraised the local plant of the Pacific Gas and Electric Company.

Ray will report back to the council in about two weeks. He will analyze figures and data already filed by the gas and electric companies.

ELKS ENTERTAIN WITH
DANCE AT CLUBHOUSE

ALAMEDA, April 26.—The Alameda Elks are preparing to attend the National Convention to be held in Portland from July 1 to 23, and about 75 members from the local lodge are expected to go.

The Oakland, Berkeley and Alameda lodges have reserved rooms at the Hotel Portland and are planning to make a fine showing. They will have a special train and will be accompanied by a brass band. Thomas H. Haskins, past exalted ruler, is the delegate from the Alameda lodge to the convention.

The railroad has made special rates, and have also arranged a special excursion to Yellowstone park, which a great many are expected to take advantage of.

LAST HONORS
TO GENERAL
GRANT

Many Prominent Men in Public Life Attend Funeral of Officer.

Procession a Mile Long Follows Caisson Bearing the Corpse.

NEW YORK, April 26.—Military men and men prominent in public and private life gathered here today to pay the last honors to Major General Frederick Dent Grant, who died here April 21. The funeral exercises were deferred until today to await the arrival of the general's daughter, the Princess Cantacuzene of Paris.

The body was carried on a caisson and followed by a procession one mile long, it made its way to the tap of muffled drums over a five-mile line of march from the Battery to the West Shore ferry at Forty-second street. At the latter point the government orders provided for a special train to take the body to West Point for interment.

DISTINGUISHED PERSONS

President Taft, Vice President Sherman and General Leonard Wood were the most distinguished persons who came to New York for the funeral. The general's immediate family was represented by Mrs. Grant, her son, Captain U. S. Grant, her daughter, the Princess Cantacuzene, the general's sister, Mrs. Nellie Grant Sartoris, and also Mrs. Grant's brother and sister, Judge Lockwood of Chicago and Mrs. Potter Palmer.

The pallbearers included Senator Root, Andrew Carnegie, Henry W. Taft, General Tasker H. Bliss, General Horace Porter, General William Crozier, General T. H. Barry, General H. G. Sharpe, Hamilton Fish, H. H. Kohlsaat, Dr. Robert Abbe and others.

Honorary pallbearers representing the military order of the Medal of Honor were General Daniel B. Sykes and General Horace C. King. Bishop Samuel Fallows of Chicago and Chaplain E. B. Smith of Governors Island had in charge of the services in the chapel.

GUARD OF HONOR.

The honor of serving as guard to the caisson bearing the coffin on the march through New York city went to an escort committee composed of General Grant's family, in command of the Department of the East, and his staff; General C. F. Roe of the New York National Guard and his staff, and the U. S. Grant Post of the Grand Army of the Republic.

Placed immediately following this guard of honor were assigned to the Third battalion of the Fifth infantry to two troops of militia cavalry, the veteran corps of artillery and other military organizations.

Just behind the caisson bearing the general's body came the general's horse, Pet, caparisoned in black.

BAREFOOTED MAN
PLAYS BURGLAR

East Berkeley Residence Looted of Articles of Small Value.

BERKELEY, April 26.—A barefooted man robbed several residences in the East Berkeley section last night. The prints of bare feet were found plainly discernible in the yards and on the porches of all three places entered. These were the residences of J. B. Summer at 2738 Hillgass avenue, Mrs. Madden of 2720 Hillgass, and Miss Gertrude Percival of 2610 Derby street. The loot from each place was inconsequential. Mrs. Madden discovered a bundle of stolen articles tied up in a sack lying in the yard of her residence. Close by were the prints of bare feet.

Attorney Percy Long Boosts for Panama-Pacific Exposition.

FRESNO, April 26.—The thirty-fifth annual session of the Grand Parlor of Native Sons of the Golden West closed last night with a banquet at Zapp's Park, at which Harry Say of Selma acted as toastmaster, and plates were laid for 500 members. Among the speakers were Grand President C. E. Jarvis, Junior Past Grand President H. C. Lichtenberger, former State Senator Charles Delshaw, and G. V. Lichtenberger, Attorney Percy V. Long of San Francisco spoke on the Panama-Pacific Exposition of 1915.

While Charles P. Mosconi of Seaside Parlor received only 103 votes for outside sentinel on the first ballot, ten less than necessary to a choice, no second ballot was taken as the other four candidates withdrew and the ballot for Mosconi was made unanimous.

Many delegates to the grand parlor left on the afternoon and midnight trains both north and south.

The officers elected are:

Past grand president, H. C. Lichtenberger of Los Angeles.

Grand president, Clarence P. Jarvis of Sutter Creek.

Grand first vice-president, Thomas P. Monahan of San Jose.

Grand second vice-president, Louis Mosconi of San Francisco.

Grand third vice-president, John P. Davis of Amador.

NEW SPECIFICATIONS ARE
ADOPTED BY COUNCIL

New specifications for the bids to be received by the city for supplying power for street lighting were adopted by the city council this morning. The first set of specifications were thrown out on the complaint of one of the companies that they were so drawn as to be competition. The new bids will be received May 6. The change in the plans will permit more general bidding in seven districts in place of five.

Attorney-General Rules That Constitution Does Not Grant Right.

Sacramento Supervisors Desired to Place Suffragists on Panel.

SACRAMENTO, April 26.—The women of California have no right to serve on trial juries according to an opinion which Attorney-General Webb rendered to District Attorney Wachorst today. The attorney-general holds that the amendment to the state constitution granting the election franchise to women dealt with their political rights and duty alone.

The ruling was given in answer to a request from the board of supervisors, who desired to place women on the panel of trial jurors recently drawn.

SECRETARY OF STATE
TO SPEAK AT BERKELEY

BERKELEY, April 26.—Secretary of State Philander C. Knox is to be the guest of the Berkeley Women's Taft Club and a speaker under the auspices of that organization during his forthcoming swing about the state. He is expected to reach this city early in May, although the exact date has not yet been announced. Mrs. Knox is accompanying her husband and will be the guest of Berkeley clubwomen during her visit in this city. Secretary Knox's address will be given at Kellogg hall.

CALIFORNIA FIELD
READY FOR CIRCUSBig 'C' Society Promises Very
Interesting Event for Its
Great Show.

UNIVERSITY OF CALIFORNIA, April 26.—The Big C Society has put the finishing touches on the program of events it will present at California field tomorrow afternoon on the occasion of its second annual circus. The affair will be complimentary to the delegates from various high schools of the State who will compete tomorrow in the interscholastic meet.

Electrical, mechanical and civil engineers will have special portions of the circus in their keeping, while other shows will be given by the Agricultural Club, Portland Club, Skikyou Club, Mining Association, Skull and Keys, Dental Club and faculty. The balloon ascension at 8 o'clock will be one of the circus' spectacular features.

As the concluding event Professor Edmund O'Neill will distribute to the preparatory school athletes the medals won by them in the afternoon. The general committee in charge of the circus is as follows:

Ralph McGee (chairman), R. G. Sprout, R. A. Silent, R. H. Clark and S. L. Arnot, assisted by W. R. Greig, H. C. McClelland, Lloyd Meyers and S. H. McCormack.

ROOM RANSACKED.—The room of J. Stanton, of 149 Third street was ransacked last night and \$58 in jewelry taken.

RETURN CHECKS OF
BIDDING CONCERNSThe Alameda Electricity Board
Claims It Makes Juice as
Cheap as Tenders.

ALAMEDA, April 26.—After a thorough discussion of the costs of manufacturing and purchasing current, it was decided at a meeting of the electricity commission held last night, to reject the bids of the Pacific Gas and Electric Co., and the Great Western Power Co. and the secretary was instructed to return the certified checks of the two concerns. In the discussion, at which were present representatives of the power company, it was declared by the company that a saving of \$2500 a year could be effected by the city on a combined manufacturing and purchasing basis. This percentage was disputed by the commission, and the statement was made that from a chart taken at the plant it had been determined to the satisfaction of the board that a higher load factor than 47 per cent could not be obtained. The difference between the cost of manufacture and purchase estimated a factor of 47 per cent, it was decided, would work in favor of the continuation of the manufacture of current. The amount lost by annually purchasing on a 47 per cent load factor basis would amount to about \$500.

MISS MYRTLE STANAGE.

ALAMEDA, April 26.—Miss Myrtle Stanage has been the recipient of many affairs since the announcement of her engagement to Lenton C. Brown of Benton Harbor, Mich., which was made at a brilliant reception given by her mother, Mrs. Eifers, at her home on San Antonio avenue.

Miss Stanage has a beautiful soprano voice and has devoted a great deal of her time to her music since graduating from the University of the Pacific. She is well known as a church singer, being soprano of the choir of Temple Sherith Israel in California street, San Francisco, and a member of the Presbyterian Church choir of this city.

The date of the wedding has not been definitely decided upon, but it will take place in the latter part of the summer.

PLANS FOR LAWN
FETE AT COLLEGE
CITY PROGRESSES

MISS MARIA BARDET.

BERKELEY, April 26.—In the hands of a committee of matrons and misses of St. Joseph's church, plans are progressing favorably for the lawn fete and street carnival to be held the afternoon and evening of May 11. The proceeds from the affair will be devoted to the building of the new auditorium and gymnasium.

The fete will be held on the church and convent grounds at Jefferson and Addison streets. Japanese lanterns will illuminate the scene in the evening. All sorts of sideshows and booths are projected, for several of which committees have already been named. A concert and dance will be given in the evening on the first floor of the new building.

Refreshment booth, Mrs. C. D. Maloney, chairman; Mesdames Grant, McGowan, Hobson, Caton, Freeman, Elwell, Curran, Matthews, Forsburg and Brennan; fancy booth, Mrs. P. J. Levy, chairman; Mesdames Ross, Abbott, Davine, Burkheim, Brennan, Zell, Mesdames

BERKELEYANS PLAN
RALLY FOR TAFTCongressman Cole and Judge
Frank H. Short to Be
the Speakers.

BERKELEY, April 26.—The capacity of U-No pavilion on Alston way west of Shattuck avenue promises to be taxed to the limit Thursday evening to accommodate the audience at the opening of the Taft campaign in this city. It was found impossible to secure the Berkeley high school auditorium, Kellogg hall, for the evening, so the next largest available building was secured.

The meeting will be under the auspices of the Berkeley Taft club of which Anson S. Blake is president and Charles S. Green, secretary. James K. Ford, one of the prominent members of the club, will preside as chairman during the evening. Suitable music has been arranged for.

The speakers for the meeting were announced today as Congressman Ralph D. Cole of Ohio and Judge Frank Short of Fresno. Judge Short is to speak on "What Taft has done for California." He will make special reference to the president's action when the location of the world's fair hung in the balance and of his efforts in behalf of the lemon growers of this State. Congressman Cole's subject is to be announced later.

GLEE CLUB TO GIVE
ANNUAL VAUDEVILLE

UNIVERSITY OF CALIFORNIA, April 26.—The Glee Club will hold its second annual vaudeville show this evening at Harmon Gymnasium and the advance sale of tickets indicates a record-breaking attendance. An interesting program is promised by the committee, of which S. L. Arnot is chairman. Numerous specialties are to be introduced besides solo and ensemble numbers by the members of the club.

Bardet, Brennan, Zell, Farrell, Mrs. Morrow, its organ and tenor soloists; Miss K. McGee, chairman; Mesdames Abbott, Powell, McCullough, Bramstedt, Seals, Smith, Struett, Miss Curran, Bramstedt Byrne, candy booth, Mrs. Congdon; chairman, Mesdames Flinn, Raspller, McGowan, Lillenthal, Misses Flinn, Whalen and Raspller. Handicraft booth in charge of the young ladies of the senior class of St. Joseph's Presentation academy.

The entire fete will be under the direction of Dr. F. X. Morrison, pastor of St. Joseph's, assisted by Fathers Ryan and Holahan, assistant pastors.

TAX RATE TOO HIGH, SAYS DISTRICT ATTORNEY W. H. Donahue Delivers Address Before Alameda County Association

District Attorney William H. Donahue was the guest of honor of the Alameda County Civic Association at its regular meeting last night when he appeared before that body to discuss the system of taxation in Alameda county, with plans for its improvement. The meeting was largely attended and Mr. Donahue was enthusiastically received in his address, which outlined plans for civil service administration of public offices and legislation through the grand jury as methods for the correction of existing evils in the present system.

In introducing Mr. Donahue, Charles F. Gorman, president of the association, stated that he had been called upon because of the fairness which he had shown to the association in its property being about a re-adjustment of property valuations and for the aid in individual cases which he had given.

"In our fight," Gorman declared, "we have run up against the matter of patronage as part of the system of taxation. We want to know how that can be overcome and have asked the organization to propose this association for suggestions, as we also ask Mr. Donahue."

FAULT OF SYSTEM.

"Patronage has existed in Alameda county, as I ought to know through my investigation of the county assessor's office in times past," Mr. Donahue said. "It is the fault of conditions, of the system, more than of the man in the office. Most men in public office want to do what is right, but sometimes the system under which they work so handicaps them that they cannot. This must be taken into consideration in all such fights as this you are conducting."

"In that regard one thing must be impressed on you, that in your criticism of the system you must be constructive and not destructive. Before you talk of a change in the man or system, you must have something to ask for a substitute when you go before the public."

"It has been the old story of patronage here which has been the cause of the trouble. Remember in doing so not to condemn the officer who is affected by this patronage, but remedy the system under which he works. It is possible sometimes think the only way to do this is by the establishment of civil service throughout the county offices."

MEN OF EXPERIENCE.

"In the assessor's office, for example, if you had civil service, you could have men for deputies with experience. Experience is what counts in the judgment of values on property, and this is not possible where the legislature limits the employment of these men to four months only at a fixed salary. These men cannot have the required knowledge under the present system unless they secure their positions under civil service regulations requiring previous experience."

"But the greatest weapon this and other organizations have is a fight against the present system arose out of the dealings at the last regular session of the legislature."

JAPANESE MAY COLONIZE SOUTH

Have Secured Magdalena Bay as Fishing Base, Is Reported.

It is reported that T. Takasaki, the Japanese expert, is detailed by the Japanese government at Magdalena Bay to investigate and report the exact conditions in that locality relative to prospective Japanese colonization there and elsewhere along the Mexican-Pacific coast, and he gives the following facts:

Last August a Japanese company obtained from the Mexican government through the Japanese ambassador to Mexico, Kumaji Horiguchi, a vast concession on the West coast, including a concession of 100,000 acres of land, 700 miles from Manzanillo to Salina Cruz on the main line of Mexico, and an extensive grant of agricultural and timber lands.

Two parties of Japanese scientists are surveying the grounds in the grant under the personal supervision of Itsey Yokoyama, a member of the Japanese Parliament, and vice-president of the Japanese-Mexican Fishery Association, incorporated in November to develop the fisheries and colonize the lands of concession.

STRANGE CASE

Of Portland Woman; Could Not Even Eat Toast.

Portland, Me.—The remarkable case of Mrs. J. Richard White has attracted much attention. She was in bad health for a long while.

Her husband says: "My wife suffered intense agony from this dreadful sickness, indigestion, and could not even eat a piece of toast without suffering. Five doctors here failed to help her."

"While in Fall River, I met a gentleman who spoke highly of Vinol so I got her a bottle and he said it was one-third gone she saw a vast change. She has just finished the first bottle and is feeling and looking better than ever before. It is certainly making her eat. Instead of eating one meal every three or four days she eats three or four times a day."

"She has gained nine pounds already and has improved 100 per cent."

We guarantee that Vinol will build you up, sharpen your appetite and give you new strength if you are weak and rundown. If it does not we pay your money back. The Owl Drug Co., Oakland, Cal.

Los Angeles Authorities Ask Aid of Local Officials in Search.

In the belief that their 14-year-old son has been lured away from Los Angeles and is being held a prisoner in Oakland, the parents of Edward Ahlert have asked the Oakland police to make a search for the boy, and for a roughly dressed man who is believed to be a degenerate and who has been taken the boy from the southern city. The man is said to be a user of narcotics, and it is feared that before the boy is found he will be taught the use of the drug, and may be injured permanently.

On that date he was seen talking with the man with whom he is believed to have left the southern city. The police made an investigation and discovered that a man and boy answering the description had left on a train for Oakland. The man is believed to have been a habitué of low "dives" and of the Chinese quarter of Los Angeles. No trace of the boy has been discovered by the Oakland police.

STUDENTS TO GIVE AN ENTERTAINMENT

Two Sketches and Musical Numbers Included on the Program.

The Kappa Gamma Society of St. Mary's College will give an initial public entertainment in the alumni gymnasium adjoining the Catholic institution this evening. The affair promises to be one of the most important events in the scholastic calendar at the local college.

Two sketches form an important part of the program, in which the student actors will take part. Rev. Brother James, literary moderator of the society, has had charge of the rehearsals. Recitations and songs will also be a part of the evening's entertainment.

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pain temporarily. While potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acid and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified. S.S.S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S.S.S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

ETHEL CROCKER TO WED NOBLEMAN

Name of Suitor Not Mentioned in Rumor Coming From City of Paris.

PARIS, April 25.—It is reported in American circles here that Miss Ethel Crocker, daughter of Mr. and Mrs. William H. Crocker, may soon marry a title. The name of the suitor is not mentioned, though several members of the nobility are suggested as possibilities.

Mrs. William H. Crocker is expected in Paris in time to share in her sister's triumph over the honor accorded her husband, Prince Andre Poniatowski, who has just been made an officer of the Legion of Honor. Years ago, when Prince Poniatowski went to San Francisco as the fiancé of Miss Maud Burke, Mrs. Crocker was one of the first to join the couple, and when the match was broken off Prince Andre married Mrs. Crocker's sister.

The Poniatowskis lived in San Francisco until the little princess Stanislaw and Basilina were born and then took up their residence in Paris.

The fact that Miss Ethel Crocker is again visiting Prince Poniatowski and that both Mr. and Mrs. William H. Crocker are en route to Paris with the younger children has added force to the report of the engagement.

JORDON TO LECTURE.

Dr. David Star Jordan, President of the Leland Stanford University, will lecture Sunday evening, April 29th, at Hamilton Auditorium. The subject of Dr. Jordan's lecture will be "War." Dr. Jordan is president of the World's Peace Foundation, and is preparing to spend several months this summer investigating the present results of the Civil War. The principal fields of his operations will be Georgia and Virginia. The public will be welcome.

PLUMBING STOLEN IN DESERTED RESIDENCE

SAN FRANCISCO, April 24.—Burglars who are believed to have been aided by women accomplices, cut out all of the fixtures and removed all of the lead plumbing from the vacant house owned by A. Lawler, at 224 Haight street. The discovery of the theft was made this morning and it was learned that only women had called for the keys.

BODY OF AGED MAN FOUND IN VACANT LOT

LOS ANGELES, April 24.—The body of a man about 70 years of age, who had, police stated, shot himself, was found in a vacant lot on Santa Fe avenue early today by a policeman. He had a masonic pin on his coat lapel and in a book found in his pocket was the name "Frank Hamilton, Hutchinson, Kas."

HAVE YOUR TICKET READ "BURLINGTON"

To the East at Special Rates

When you plan your Eastern tour at the attractive excursion
fares to Eastern cities, you will probably desire to visit a number
of these in one direction or the other. If you will see that your
ticket reads "Burlington" you will have such a choice of Burlington
through routes to the East as to include more of the important cities
in the Mississippi Valley than you can reach via any other one
railroad.

NOTE WHERE BURLINGTON TRAINS RUN:

Denver, Omaha, Chicago	Omaha, Peoria, Chicago
Denver, St. Joseph, St. Louis	Omaha, St. Louis
Denver, Kansas City, St. Louis	Minneapolis, St. Paul, Chicago
Kansas City, St. Louis	Minneapolis, St. Paul, St. Louis
Kansas City, Chicago	Billings, Denver, Omaha
Kansas City, Omaha	Billings, Kansas City, St. Louis

It requires an extensive combination of railroads
east of the mountains to provide the train service
that the Burlington maintains between these cities.

HADLEY SWINGS MISSOURI CONVENTION FOR COLONEL

Taft Leaders Routed After Stubborn and
Dramatic Political Fight

ST. LOUIS, April 26. — Governor
Herbert S. Hadley and his friends
early today swung the Missouri State
Republican convention for Roosevelt
after a 24-hour deadlock, in which
the Taft leaders finally were com-
pletely routed. Eight delegates-at-
large to the National Republican
convention, all Roosevelt men and all
instructed for him, were elected after
two Taft leaders had been elected
and then had resigned their places
on the Missouri delegation when the
convention voted instructions for
Roosevelt.

The convention will go down in the
annals of Missouri politics as one of
the most stubborn and dramatic fights
in the history of the state Republi-
can organization.

Mayor Frederick H. Kreismann of
St. Louis and Charles D. Morris of
St. Joseph, the latter chairman of the
state committee, were the Taft lead-
ers elected and who resigned as dele-
gates-at-large to the national conven-
tion when the state convention voted
to instruct the delegation for Roose-
velt.

MAKE CHARGES.

In making their resignations they
charged violation of a "gentlemen's
agreement" by which they declared
the Roosevelt managers had assured
them that the delegates-at-large
would be uninstructed.

Governor Hadley replied to the
declarations of Mayor Kreismann and
Chairman Morris in this connection
by asserting that he had not been a
party to any so-called "gentlemen's
agreement." The governor asserted
that throughout the bitter fight which
preceded the formal opening of the
convention he had refused to attempt
to deliver the votes of Roosevelt dele-
gates on any proposal.

The eight delegates-at-large to the
national convention, each with a com-
mitment to Roosevelt, finally elected by the state
convention follows:

Governor Herbert S. Hadley, Jesse
Tolerton of Bronson, Walter S.
Dickey of Kansas City, Frederick
Eason of Clayton, John D. McNeilly of
St. Joseph, Hugh McIndoe of Joplin,
John W. Tiffin of Springfield and
Alfred H. Spear of Chamol.

NAGEL'S SUCCESSOR.

As national committeeman from
Missouri to succeed Charles Nagel,
secretary of Commerce and Labor, the
state convention elected Thomas K.
Niedringhaus, of St. Louis.

The Roosevelt forces only achieved
final sweeping success in the conven-
tion after four distinct fights with the
Taft leaders who resisted each step
stubbornly.

The first fight came on the question

of seating contested delegations from
Kansas City, St. Joseph and other im-
portant points in the state. This fight
occupied all of Wednesday night and
late Thursday resulted in the seating
of nearly all the Roosevelt delegates.

The second bitterly contested point
was that regarding chairman of the
convention. Governor Hadley was
placed in that position after his fol-
lowers had demonstrated that they
held the balance of votes on the con-
vention floor. The third struggle
came in the resolution committee
where Taft men refused to endorse
Roosevelt. After the committee had
submitted one report to the conven-
tion, it was withdrawn and an am-
plified report containing a straight
indorsement of Colonel Roosevelt
was presented and adopted by accla-
mation. A minority report was as
promptly voted down on a roll call.

The final battle, after daylight had
flooded the big armory and the dele-
gates were almost completely worn
out by their all day and all night
struggle, was on the question of in-
structing the eight delegates-at-large
to the national convention.

The Taft forces, led by members
of the St. Louis delegation, made a
last rally in efforts to prevent the
instructions for Roosevelt. But they
were swept off their feet by the now
dominant Roosevelt tide and by a
vote of more than 2 to 1 the Roose-
velt forces carried their point, which
resulted in the withdrawal of Mayor
Kreismann and Chairman Morris as
delegates to the Chicago convention
and the election of Roosevelt men in
their places.

TAFT MEN CONVENE.

Taft leaders, dissatisfied with the re-
sults of the Republican state convention,
which adjourned here at 6:30 o'clock this
morning, met in a hotel at 10 o'clock and
named four delegates-at-large to the Na-
tional convention.

The Taft delegation was announced as
follows:

Joseph E. Black of Richmond, Mo.,
John A. Duncan of St. Joseph; Berryman
Hendwood, of Hannibal, and Harry D.
Train of Kansas City.

Former State Senator Henry L. Eads
of Jamesport presided at the convention,
while B. L. Guffey of Hayti was secre-
tary. Eads announced that a resolution
condemning Governor Hadley for betray-
ing the Taft men in the pre-convention
agreement was adopted.

Eads also praised the administration of Presi-
dent Taft.

Other Taft men who were in an ad-
joining room counseled against the nam-
ing of a rival delegation and advised
some of the lawyers to the national con-
vention to plead their cause. Eads and
Stifel, however, said they did not think
a Taft protest would have weight unless
a contesting delegation was on the
ground.

Aside from the Roosevelt victory in the
convention the colonel now has fourteen
uncontested delegates from Missouri and
Taft has eight. Roosevelt has six con-
tested district delegates, and eight-at-
large, each with half a vote.

Conventions are yet to be held in the
thirteenth and sixteenth districts.

CONBOY DENIED RELEASE ON BAIL

Lawyer and Judge in Verbal
Tilt During Hearing
of Case.

SAN FRANCISCO, April 26. — Former
Captain of Police Michael J. Conboy,
convicted of the killing of Officer La-
gan, June 23, 1908, and sentenced to
three years in San Quentin penitentiary,
was denied bail, pending appeal, by Su-
preme Judge Sargent of Monterey county,
this morning. The session was en-
livened by a verbal tilt between the
court and Attorney Joseph Dunne, repre-
senting the defendant.

Judge Sargent stated that no reasons
had been given orally for the appeal and
the alleged error and facts upon which
an appeal had been based, had not been
pointed out. He held, therefore, that
there had been no reasons shown why
Conboy should be given the liberty
after he had been convicted. He declared
that only under extraordinary circum-
stances when a defendant's rights
had not been fully complied with during
the trial, could bail be granted.

"We have no apology to offer to the
court," Attorney Dunne said. "We have
been well advised, and we are satisfied
with the manner in which we have acted."

Conboy was not present in court.

RICHMOND PUPILS TO VISIT MAY DAY FETE

RICHMOND, April 26. — Fifteen pupils
of the Richmond public schools, 5 boys
and 10 girls, are going to St. Louis
Wednesday, May 1, as this city's repre-
sentatives at the big May Day celebra-
tion there. In furtherance of the "City
Beauty" project.

Superintendent Walter T. Holmes has
taken the matter up with the board of
education, and is making arrangements
for the visit of the Richmond delegation.
Those who go will take notes and write
essays on what they see, so that it can
be turned into an educational benefit as
well as a festa.

CATHOLIC SCHOOL TO BE BUILT IN LIVERMORE

LIVERMORE, April 26. — A Roman
Catholic Sisters' academy will be built
for the local parish in Maple street, be-
tween Third and Fourth streets, plans for
the structure already having been
accepted by Rev. Father Power, pastor
of the local church. Bids have been ad-
vertised for and construction will start
without delay when a satisfactory figure
has been secured.

The new building, large enough to house
enough sisters to take charge of the edu-
cation of the many Catholic children in
this place.

DELEGATES CHOSEN TO EAGLES GRAND LODGE

LIVERMORE, April 26. — H. R. Sea-
band and W. A. Thomas have been se-
lected delegates to the State Aerie of
Eagles, which convenes at Bakerfield this
summer. Alternates chosen are G. W.
Back and L. J. Van Horn.

The Livermore Aerie has been granted
until July 1 to secure a sufficient num-
ber of new candidates for a class initiation.

Aerie No. 609, P. O. E. has presented
G. W. McKenzie with a past president's
collar in accordance with the custom of
the order.

SENT TO ASYLUM.

MARTINEZ, April 26. — Clarence Web-
ber, sent here recently from Stego to be
examined for insanity, was committed
yesterday to the Napa asylum.

TO GIVE DANCE.

SAN PABLO, April 26. — Members of
the Companions of the Forest of San
Pablo report a large sale of tickets to
their hard times ball to be held here
Saturday evening.

WHY HE WAS LATE.

"What made you so late?"
"I met Sam." "Well, that is no reason why you should
be an hour late getting home to supper."
"I know, but I asked him how he was
feeling, and he started on telling me
about his stomach trouble."
"Did you tell him to take Chamber-
lain's Tablets?"
"Sure, that is what he needs." Sold by
Osgood Bros. drug stores.

STEALS MUSIC, THEN OFFERS IT TO OWNER

SAN FRANCISCO, April 26. — A bold
burglar who broke into the store room
of the Edison Theater, 27 Powell street,
some time yesterday, added recklessly
to his daring when he returned last night
and offered to give back the property
he had stolen for a consideration. The
proprietor, H. J. Goelner, had hardly
discovered the theft of ten rolls of music,
used in an automatic orchestra, when
he was approached by a stranger who
offered to return him the pieces provid-
ing he would give him a few dollars.
Goelner kept the man in conversation
until Officer Miles arrived, when he was
arrested. On searching him the music
was found, and he was charged with
burglary. The city jailer gave the
name of Charles J. Mackenzie.

Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with
epileptic fits for three years, the attacks
coming every few weeks. We employed
several doctors but they did her no
good. About a
year ago we
heard of Dr.
Miles' Nervine,
and it certainly
has proved a
blessing to our
little girl. She is
now apparently
cured and is en-
joying the best
of health. It is
over a year since
she has had a
fit. We cannot
speak too highly
of Dr. Miles' Nervine."

MRS. FRANK ANDERSON,

Thousands of children in the
United States who are suffering
from attacks of epilepsy are a
burden and sorrow to their parents,
who would give anything to restore
health to the sufferers.

Dr. Miles' Nervine

is one of the best remedies known
for this affliction. It has proven
beneficial in thousands of cases
and those who have used it have
the greatest faith in it. It is not
a "cure-all," but a reliable remedy

How Long did your last Pair of Shoes Wear?

THE average "life" of good Auto-
mobile Tires is about 4,000 miles.
The average life of \$4.00 to
\$5.00 Shoes is about 1280 hours of Continuous
Wear. This, before the Upper leather breaks,
or the Outsole wears through.
—Representing about 3 Months' every-
day Wear, of about 14 hours per day.
So, — to arrive at the true Cost of aver-
age Fine Shoes just divide 1280 Hours (or 3
Months) Continuous Wear into their price.
If you paid \$4.00 you will thus find a
(pre-repair) Cost to you of about \$16 per
YEAR.
If you paid less than \$4.00, they probably
would not deliver three months' continuous
wear, on average.

—"How much per year will they Cost me
(pre-repair) Wear?"
And, when he has arrived at that correct
viewpoint, of Shoe value, he is invited to read
the "Indemnity Bond" on a new range of
1912 Regal Shoes.
That "Bond" secures to him, beyond
question, a minimum of Six Months Continuous
Wear of Outsoles and Upper Leather, with-
out break, — for \$4.50 per pair.
This means high-grade Shoe Wear at
about half its usual cost, — viz. at 75 cents
per Month, maximum, instead of at \$1.50 per
Month average.
Now if you, Reader, have had enough
"Lottery" in shoe buying —
— And, — If you want the same grade of
Stylish Shoe Service at \$9.00 per year, as you
have paid \$16 per year for,
— Investigate the new 1912 range of Regal
Bonded "Six-Month" Shoes.

SO—the question every Consumer
should ask himself, before buying
Fine Shoes, is this:—

"ARCADIAN" Model
Russet Leather
Also Black Calf

Quality, Style and Credit

Are the three cardinal points of the Friedman business.

Quality not alone refers to the goods, but to the fit, the workmanship and to the smallest detail. If they are "just so-so," they come from elsewhere. If they are "just the exact thing," the probability is very strong that they come from Friedman's.

LEAD PENCIL IS SUICIDE WEAPON

When it comes down to a mere matter of nerve, Arnold von Winkelreid, who clasped to his breast the Austrian spear, and saved Switzerland on one famous occasion not forth in verse, did not have much on Ulrich Cingg, a Swiss milkmaid employed on an Elmhurst dairy.

Last night Cingg attempted suicide. Just what does he numbered is not known, but it is highly probable that he will be successful. By a method unique in the annals of the Receiving Hospital the milkman threw himself upon an indelible lead pencil which he carefully held against his abdomen. Then he pressed the pencil inward out of sight, leaving a small hole like that left by a bullet of large caliber.

Suffering intense pain, the victim was removed to the Receiving hospital from the city prison, where he had been lodged Sunday on a charge of burglary.

Dr. J. O. Hamlin, assisted by Dr. C. T. Devine, Dr. A. C. Smith and Steward Platt, operated on Cingg shortly after 10 o'clock and removed a pencil six inches long from his abdomen. The intestines had not been pierced, and it is probable that the patient will recover.

Cingg was arrested in San Francisco by Inspectors McSorley and Holland on a charge of burglary. He is accused of having entered and robbed the saloon of Imnos & Sturdivant at 960 Fruitvale avenue on Sunday, April 14. He is 35 years old and was employed on a ranch on Upper Railroad avenue, Elmhurst.

ARGUES AGAINST PNEUMATIC TUBES

Is the ground that the cost of a pneumatic tube messenger service in the new City Hall would be so great as to make it inadvisable to install a such a system, Commissioner of Public Works this morning recommended against putting in an automatic service of this kind.

Anderson explained to the city council that he had obtained estimates on the cost of installing pneumatic tubing and equipment for a service for the transportation of papers and communications among the various departments of the offices in the new City Hall and had found that the least possible cost of such installation would amount to \$10,000. The commissioner stated that in his opinion the advantage of such a system was not commensurate with the cost.

Mayor Mott and Commissioner of Finance and Revenue John Forrest declared that in their opinion the system would prove a great advantage as it would save time of city employees, and messenger service expenses.

ARCHITECT ON VISIT.
 After some discussion the matter was continued for further consideration to the time of the visit of Architect Henry W. Hornbostel of New York, the designer of the new City Hall, who will be here in about two weeks.

Anderson also called the attention of the council to the fact that he is obtaining figures on the cost of installing a mail chute in the new building as this was not included in the original plans and specifications.

CLAREMONT LAND CHANGES HANDS

191 Acres in Tract Bought by San Francisco Men.

The largest sale that has been made in Oakland acreage for some time past was that of the Claremont Heights property, consisting of 191 acres, located near the Claremont Hotel, the sale of which was completed during the past week to Mr. T. Minney Realty company. Terms of the sale are: The price is understood to be about \$225,000. A number of prominent San Francisco men are interested with Minney in this purchase.

Minney, speaking of this purchase, said: "This tract of land is ideally situated for a high class subdivision. The property joins the Claremont Hotel tract, and includes a beautiful canyon and various hillside slopes. This property commands a magnificent view, which overlooks the Claremont Hotel and the entire Claremont residence section, which is so highly improved with expensive homes."

PIANO TUNER HELD ON CHARGE OF THEFT

R. T. Chappelaine, a piano tuner was arrested before Judge Mortimer Smith this morning on a charge of misdemeanor embezzlement. Chappelaine is accused of having failed to turn in about \$40 in collections said to have been made by him in the name of the Elter's music company. The case was continued to tomorrow to plead. The arrest was made by Inspector Lou Agnew.

CITY OF PANAMA IN FOR REPAIRS

Big Ship to Be Overhauled at the United Engineering Works.

The Pacific Mail freight and passenger liner City of Panama, Captain Allman shifted over to this side this morning from San Francisco and immediately began work on the United Engineering Works. The vessel will be cleaned and painted and will also have her old wheel taken out and replaced by a new one. Several other firms have bids on this and the other side of the bay submitted bids for the work but as the local concern bid the lowest price it won. The Panama arrived here several days ago from Balboa, via Mazatlan and discharged a bumper cargo of merchandise while tied up at San Francisco.

After discharging a lumber cargo at a local wharf the three masted schooner William Benton, Captain Mortensen, sailed yesterday afternoon for Gray's Harbor. The vessel has been chartered to carry lumber from the Columbia river to Honolulu. The chartered rate is \$7.25, which is recorded as the highest rate ever paid on this coast.

The three masted schooner Mary Dodge, Captain Anderson, arrived yesterday afternoon from the Coquille river after a pleasant passage. She was shifted in and tied alongside a berth at the Hogan Lumber company's wharf by Captain Smith's launch crew and the launch Dolphin No. 2.

The steam schooner J. B. Stetson, Captain Hansen, steamed in this morning and tied up at the United Engineering Works. She came from San Pedro and will receive a general overhaul.

The gas tanker Benito ran up the stream yesterday afternoon and after leaving a cargo of oil at the Central Oakland Light and power company, steamed for Contra Costa.

The only arrival at Long wharf today was the tugboat, schooner, Logger, Captain Svensen, from Eureka. She reports a pleasant run from the north. She is being towed by the tugboat, De Fremery, wharf the schooner, C. A. Holmes was shifted to the San Francisco side yesterday.

The steam schooner Fifield arrived yesterday afternoon from Bandon. She is in charge of Captain Jensen and is at the E. K. Wood Lumber company's wharf discharging a lumber cargo.

The steam schooner North Fork, Captain Nelson, from Eureka, is at the Sunset Lumber company's wharf discharging a lumber cargo.

The steam schooner Aurelia is at the Hogan Lumber company's wharf discharging lumber.

WILL SOON COMPLETE FRATERNITY HOUSE

BERKELEY, April 26.—The Sigma Chi fraternity of the University of California, begins this week the construction of its new home at the northeast corner of Channing way and College avenue. It is expected the structure will be finished and ready for occupancy by the opening of the fall semester of the university.

It is to be two stories in height, and contain nineteen rooms. It will be erected at a cost of \$10,000, with an additional outlay for furnishing. J. R. Hamilton drew the plans for the building, while G. T. Letter and Sons are builders.

Sigma Chi now occupies a house on Ridge Road, on the other side of the campus. The local chapter is Alpha Beta.

HENLEY PITCHES GREAT GAME AND SEALS WIN OUT

Captain Kila Mohler was the big gun out at Fremont park yesterday afternoon, for it was his corking drive to center field in the tenth inning that sent the winning run over the fence for the Seals and made it possible for the Long crew to annex a 1 to 0 struggle.

But with the Captain's drive a lot of other guys got in on the act. One of them, who hurried, not alone did the elongated boy pitch a ball game that was a ball game, but he also pitched a game to left in the last of the 10th that was the beginning of the end.

As for Henley and crew, they tried all the time and Soldier Carson hurled some game himself, but not as good as the elongated fellow, for when he did begin to wobble he couldn't stop himself. Behind him the lads with the striped uniforms played a great game in every angle but the hitting, and Henley had them eating out of his hands at all stages of the contest.

SENATORS RALLY IN NINTH WITH THREE RUNS

LOS ANGELES, April 26.—Patsy O'Day, third baseman, suddenly developed into ninth inning finisher. Two days in succession they have hammered the hearts out of two different pitchers in the ninth and beaten the Angels out of what looked like sure victory. The final score was 4 to 3, same as the day before.

Miller commenced the ninth with a single to left and Helster slammed it to the left field fence for a double that put Miller on third. Dillon then threw Leverenz out of the game and stuck in Flater. Sheehan touched him for a dinky fly ball of third base and after running in for it, Core muffed and Miller scored. Cheek bunted a sacrifice along the line and when Howard covered first base to take the throw from Metzger he dropped the ball. Then O'Day trotted out Deacon Sam Egan and he tried to knock the center fence down with the ball. This poked scored Helster and Sheehan.

SUMMONS.

In the Superior Court of the State of California, in and for the County of San Luis Obispo.

John Corbaley, plaintiff, vs. Hoard Construction Company and J. H. Hoard, defendants.

Action brought in the Superior Court of the State of California, in and for the County of San Luis Obispo, and the complaint filed in the office of the County Clerk of said county.

The People of the State of California read greeting to Hoard Construction Company and J. H. Hoard, defendants.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of San Luis Obispo, within ten days after the service on you of this summons, if served within this county; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon the facts and circumstances set forth in any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of San Luis Obispo, this 6th day of November, 1911.

VETERAN TRAINER IS DEAD AT STAMFORD

STAMFORD, Conn., April 26.—John Hynes, a veteran trainer of thoroughbred horses, is dead at his home here after a long illness. Hynes had been well known to racing men throughout the country for many years. For a considerable time he had been suffering from a stroke.

Oakland gathered eight hits in the northern game, and four of them went for extra bases. That tells what the boys are winning.

McCallie sent Butler, his new shortstop, to the batter's box at one stage of the game, but the best he could do was to miff three in a row.
